

## On This Side Of The Sun

By Phat

PLEASE—I can't find the word "nexus" in my dictionary although I did find "ecology" . . . it means the branch of biology which treats of the mutual relationship between organisms and their environment. . . . Ever since Charley Burket sent me in that clipping from Harvard on housing and I printed it, people have been asking me what nexus and ecology meant.

THE MAIL brought in more cards on street signs and on clean-ups. . . . "Even if this is a Village, it could have adequate street signs. . . . They call it Westwood Village but you don't get lost there." "Why not get organized action on a City Beautiful campaign? Especially drainage so we won't have to high step across puddles at the curbs." . . . "How about a man with a stick with a nail on the end to pick up discarded cigarette packages, chewing gum wrappers and so on?" "Antique design lamp-posts, fitting to the Village, should be installed. It's too much to depend on the business men to keep their display window lights on all night so people can see where they're going. And as for Indian avenue—There are no business houses there to light up the street." . . . The above are just a few excerpts from letters and cards.

THERE'S but a few days left to join the Palm Springs Desert Museum . . . the campaign for new members is scheduled to close this weekend but you won't have to twist their arms to join next week. . . . The Museum is one thing people always mention when you're unfortunate enough to be away from the Village and talk things over with people who have visited or wintered here. . . . in fact, the Desert Museum is practically known from coast to coast. . . . And, besides, there's the Red Cross. . . . don't forget them. . . . They're still aiding the veterans. . . . Each Tuesday, for instance, the Gray Ladies corps entertains inviolated naval men from Norco hospital here.

THEY SAY this is an old yarn but it was told to me as new yesterday. . . . A woman, suddenly besieged by a flock of friends, scurried to a grocery store and bought some cans of crab-meat . . . while preparing it, she dropped a bit for her pet cat. . . . Guests were served and the evening was a merry one. . . . Shortly after, looking for her cat, she found the pet stone cold dead in the street. . . . Horrified, she summoned a doctor who advised a stomach pump treatment for all of the guests. . . . It was done—and cost plenty. . . . After her guests departed, a neighbor rapped on the door. . . . "I'm awfully sorry," he said, "but I couldn't help it." . . . Help what? . . . "Running over your can. She ran right under my wheels." . . . Well, maybe it did happen here. . . . Anyway, it's a good yarn.

SPEAKING of fish . . . here are some notes picked out of the abandoned fish carton where I file them. . . . The newly organized and active Soroptimists club here was the first to go 100 per cent in the Red Cross drive. . . . they are the female counterpart of Rotary . . . called Soroptimists . . . wives of Rotarians are called Rotary Anns. . . . Wives of Lions are probably Lionesses. . . . Never did learn that one. . . . Comes a call from Desert Hot Springs. . . . They say they're almost finished in a dead heat with the Soroptimists to complete their Red Cross quota.

OVER at the police station there's an optimist. . . . In making out the February book for weather reports, he went right on to Feb. 31 . . . that's a triple leap year. . . . Somebody asked Guy Rennie at the Lido the other night to play the "Fertilizer Song." . . . He was puzzled until they explained: "Vigaro, Vigaro, Vigaro." . . . And so Harold Jacobs, one of the top ranking newspapermen of the country, calls me a propagandist. . . . well, anyway, he said I was a propagandist for the good . . . on the constructive side. . . . Maybe, he likes to sit down, too. . . . On those things I can't mention until after Easter.

SOMEONE asked me what had become of my musical predictions. . . . I'm just waiting until "For Sentimental Reasons" gets out of there. . . . Anyway, "Gal in Calico" was there . . . and I like the way Linda Lopez and her trio at Mr. Dee's put on "Managua Nicaragua." . . . "Oh, But I Do," the writer of which is in town, Arthur Schwartz, is going to go on up there soon . . . and there's always Connie down at the Dunes with her unaffected natural style. . . . Down at the Tennis Club the other night was Ginny Sims, currently on the Hit Parade. . . . She was there with husband Hyatt as guest of Muriel Fulton, president of the local realty board.

DIRTY POOL, a Villager said to me yesterday. . . . I thought someone had been gyping him. . . . Instead, he pointed at that puddle at Amada and the drive.

QUOTING Dr. J. R. Macartney "When a doctor visits another man's wife, he gets paid for it when an editor does, he gets shot." . . . Don't look at me, I've never been shot at in my life.

## City Faces Loss of Hospital Building

### City Council Plans For Looking For Air Circus Spot to Land Take Shape

Face Loss of Site Where Meetings Have Been Held for Years

Incorporation of Big Event Voted by Veteran Groups

The shoe is on the other foot now—and it pinches just a little bit.

This trite expression is applicable now in the case of the city fathers who will be "fishing" around the Village for an appropriate place in which to hold their regular meeting next March 19.

THE EL PASEO THEATER and the city court which have been using the auditorium have been told by Earl Strebe, the owner, that he plans to re-open the place as a motion picture house.

On March 18, he has scheduled for showing there the sensational hit picture called: "The Best Years of Our Lives." This picture will be shown at the same time for a four-day run only at the Plaza and then later to continue its run at the El Paseo.

JUDGING from the phenomenal success of the motion picture in other communities, it is likely to have a comparatively long run in the Village and during that time—where will the city fathers sit down to discuss ways and means of making Palm Springs a better place to live in?

As to the "pinching-shoe" it was recalled that not so long ago, the city fathers were besieged by veteran and other organizations to lease the old officer's club at the army air field. That was a good idea, everybody and even the city council agreed, until the matter of a monthly rental fee was presented by the War Assets Administration for the use of the building.

The city council confronted with an asking price of \$150, dropped the idea.

THE QUESTION, pondered at the city council meeting Wednesday when told of Strebe's intent by William E. Alworth, city manager, is where will the city council meet now? That question remained unanswered with the exception of the suggestion by Councilman Culver Nichols who said:

"Let's meet outdoors—the weather in Palm Springs is always pleasant at this time of the year."

### Find Driver Guilty After Auto Crash

Edwin A. Stevens, 30, was found guilty of driving an automobile while intoxicated in Judge Eugene E. Theriault's court yesterday morning. He had borrowed the vehicle from C. A. Johnson, 247 Virela del Sur which collided with the aPlm Springs Mrs. Gladys Hines, 157 South Indian avenue at the intersection of Palm Canyon drive and Amado road.

Passengers, Miss Betty Cowan and Gordon S. Avery, riding with Mrs. Hines, sustained slight injuries for which they were treated at the Community hospital.

## Salton Sea Sue in Big Arizona Derby

You can't beat the local desert, no sir! Especially when that former film art director who expunged the smog fumes of Hollywood to come to the desert and join the Desert Rats is concerned.

Seems at Glendale, Arizona, they are going to stage the world's first Gila Monster derby and they passed some slurring remarks about California and its lack of Gila Monsters in this desert.

THAT DREW an immediate response from Harry Oliver, alcalde of Thousand Palms. He represented the slur on the Colorado desert and addressed the following telegram to the Glendale Chamber of Commerce: "Have just read in a San Francisco paper an account of your intention to stage the first and

What promises to become one of the stellar attractions during the 11th Annual Circus Week was taking shape today in the form of the first giant air show to take place in the peace time history of Palm Springs. The event is being sponsored by the Frontier Post of the Veterans of Foreign Wars in conjunction with Palm Springs Post 34 of the American Veterans of World War II.

THE MONEY gained from concessions, and ticket sales will among other things go toward the endowment of two beds at the Community Hospital association for use by ailing veterans and in addition will assist in other welfare work in the program of both these organizations.

At a meeting held last Monday night in Bill Ude's cafe both veteran organizations voted to officially participate in the show and a motion was adopted to incorporate the event.

DR. CLAUDE H. CHURCH, former colonel in the United States Army was elected as president. C. B. Self, vice-president, R. W. Peterson, treasurer and W. E. Pagan secretary. The board of directors consist of the above mentioned officers as well as "Cap" Bassett, Glen Rogers, Bill Rashall, Don Cameron and Jay Rollman. Attorney Hilton McCabe, member of the AMVETS, will act as legal adviser for the corporation and has also been empowered to commence at once the incorporation of the project.

Mrs. Mary Nelson, manager of the Palm Springs Airport, is lending her whole hearted assistance. See AIR CIRCUS, Page 8

### Minstrel Show

Talent Wanted for Village Insanities

One of the many features of this season's "Village Insanities" will be an old-fashioned minstrel show, with twanging banjos and strumming mandolins to accompany the singing and blackfaced entertainers.

Casting and tryouts will start next Saturday afternoon between 3 and 5 o'clock at the Palm Springs Woman's club. Rehearsals for those selected will be announced at that time by the directors of the show, Melba Bennett.

No matter what your age or shape is, men, just be there, if you sing in a choir or only in the shower. You may have un-revealed talent, and if you fancy yourself as a hooper you are doubly welcome" said Mrs. Bennett.

"Don't be deterred if your profile isn't Robert Taylorish either, because your kisser will be smeared over with lots of make-up like Amos and Andy or Al Jolson. Look where they are now!"

original world's championship Gila Monster Derby as a feature of the world's championship rodeo to be held in Glendale, Arizona on March 22 and 23.

"I WANT to enter my Gila Monster, 'Salton Sea Sue' again Monster, 'Salton Sea Sue' against your 'Flying Gems' and all your other 'step 'n fetchit' monsters. My Gila could deliver this message to you quicker than this telegram but I had her on a little errand of delivering some of my desert rat scrap books to Mexicali, and besides I would be See SALTON SEA SUE, Pg. 8

## Red Cross Drive Begun

Breakfast Meeting Sets Off Local Fund Campaign

While the work of the American Red Cross is in the transition period from wartime to peacetime activities, more than half of the funds collected this year will still go for work with the armed forces and veterans assistance, Mary Ellen Pangle, manager of the Riverside county chapter, told campaign workers of the Village who held their organization meeting Wednesday morning.

Under the chairmanship of Bill Wright, the group met for breakfast at the Desert Inn.

BELIEVING that subscribers would be interested to know how their Red Cross dollar would be spent, Miss Pangle explained that 59 cents would go to activity with the armed forces and veterans. This includes recreation and welfare service for men still in service with the army of occupation, work at government hospitals and claim service for veterans.

Of the balance which goes to civilian activities which are familiar to most people, 17 cents goes into the emergency relief fund, 21 cents to health and safety work like highway first aid stations and the remaining 3 cents to non-service connected activities.

ANOTHER INTERESTING figure revealed by Miss Pangle is that in Riverside county Red Cross work there are 672 voluntary workers to every paid staff member. The campaign goal for the county is \$86,000 of which Palm Springs' share is \$10,750. This is considerably less than last year, it was explained.

The local canvas is already under way and over \$1600 had been collected on advance gifts. Mr. Wright announced. Real estate dealers have volunteered to assume leadership in the campaign, all zone captains being from their ranks. Raymond Cree, pioneer realtor of the Village, is chairman of the chapter here and Bill Wright, who follows the same profession, is in charge of the fund drive. They were the hosts at the "kick-off breakfast" this week.

Committeemen and zone captains are meeting at the Red Cross office every other morning at 9 o'clock. The campaign should be completed in less than two weeks.

### Blood Wanted

Appeal Issued by Community Hospital

Heads of Palm Springs Community hospital today issued an appeal for blood plasma, type A-2.

It is needed for Miss Marjorie Garstang, 67, retired school teacher, who is seriously ill at the hospital.

Donors are asked to report to the hospital laboratory at once.

ONE YEAR OLD—Frank Bennett, resident of the Palm Springs Community Hospital Association cuts birthday cake celebrating the first birthday of the hospital in Ward "B" on Torney General Hospital grounds. Left to right, upper picture, they are: Mrs. Barney Hinkle, Ernest Alschuler, director; Ann James, Red Cross aide; Frank Bennett, Katherine Meyers, administrator; Mrs. Clay Borden, Red Cross aide; Howard Jay, consultant administrator; Mrs. Charles Farrell, and Virginia Colville, Red Cross aides. Lower picture: patients with individual birthday cakes, left to right, Mrs. C. Helen Fisher, patient; Mrs. Clay Borden, Beverly Geib, patient, and Mrs. Hinkle.—(Photos by Desert Camera Shop.)

## Anniversary For Hospital

Grateful patients, nurses, their Red Cross aides and officials of the Palm Springs Community Hospital association on Tuesday afternoon celebrated the first anniversary of that hospital's operation in Ward "B" of the Torney general hospital.

A beautiful decorated birthday cake was presented to the hospital by the women members of the directorate and little individual birthday cakes, each with one candle planted in their centers were taken to bed-ridden patients, in celebration of the first birthday of the hospital.

IT WAS on March 4, 1946, that Ward "B" swung its doors open for the admission of the first patient although it wasn't until the 23rd of that month that the first ailing Villager was admitted.

In the 12 months the hospital has been in operation it has rendered mercy-giving services to 770 hospitalized patients exclusive of its "Out Patient Service"; 69 babies were born there, 326 major and minor operations were performed, 836 X-rays were taken See ANNIVERSARY, Page 5

### License Application Is Again Protested

City councilmen in meeting Wednesday night, for the second time within a little more than a year, protested the issuance of an "on-sale" liquor license for Louis Thomson, owner-operator of the La Cita.

Armand Turonnet moved that the license be protested. The motion was quickly seconded and passed unanimously.

## May Have To Move in Short Time

Council Acts To Protect Interests as Bids Asked for

By BILL RASHALL

Palm Springs is faced with the eminent loss of the Community hospital now operating in Ward B, located on the Torney General Hospital grounds.

This strong possibility confronts Villagers and the officers of the Palm Springs Community hospital with the advertisement today by War Assets administration of the El Mirador hotel property and 28 acres of land surrounding it which includes the temporary quarters of the hospital located in Ward B occupied by the hospital for one year.

THE HOSPITAL celebrated its first anniversary in Ward B Tuesday. Since its opening March 4, 1946, 770 patients have been hospitalized there exclusive of its out patient service. During the same period 69 babies were born there, 326 major and minor operations performed. Yesterday, there were 24 beds occupied by ailing Villagers and visitors who took sick while in the town, and another baby was born there this morning, making 25.

That the hospital may be forced to evacuate all of its patients from Ward B is threatened within a maximum time of six months if the city of Palm Springs finds it impossible to meet the price set on Torney General by War Assets administration. This was the carefully thought out opinion of three prominent attorneys in the city who have been following the ever-changing picture in the disposition of the surplus hospital property.

THE ADVERTISEMENT that appears in The Desert Sun today appears simultaneously in many major cities throughout the United States asking for bids.

Wednesday night, acting on the advice of Senators William Knowland, Sheridan Downey, Congressman John Phillips and high executives of the War Assets administration, the council voted unanimously to empower William E. Alworth, city manager, to file a letter of intent with WAA for the acquisition of the property advertised for sale today.

THIS LETTER of intent will be handed to George Wilson of the Public Buildings Administration March 10, when that official will be in the Village. The letter of intent will ask that the property which includes Ward B be sold at a fair and reasonable price to the city less any discount that it will be entitled to.

Around this word "discount" the near-future fate of the Palm Springs Community Hospital association's operation in Ward B hinges. It was pointed out that the city of Palm Springs may not be able to meet the price the Government agency may place as a sales tag on this property.

THE "FAIR-PRICE" phrase contained in the letter of intent, is dependent among other things on the valuation of the property, government appraisers will file with the government, expected by March 15. When this appraisal is in, what discount, if any, the government will grant the city, is the big bug-a-boo in the possible closing of Ward B if Palm Springs cannot meet the price.

The city is third on the list of "first priority" holders. Ahead of it, comes first, Government agencies, who are known not to be interested in the property and See HOSPITAL LOSS, Page 8

### Delightful

Warm in the Sun, Cool in the Shade

Warm in the sunshine, cool and bracing in the shade—ideal March weather.

That was the dish handed out to Villagers and winter residents this week. Perfect, in other words.

Temperature records since last reported in The Sun:

Date	Max.	Min.
March 3	82	47
March 4	72	43
March 5	72	38

## CROSSTOWN

by Roland Coe

"You aren't abreast of the times if you can't sing all the latest song hits, folks!"

NEWS NOTES FROM  
Palm Village

## NEW UNITS OPENED

Due to the rapid development of Palm Village, two new units have been added, one a business district, and the other zoned for single family residence purposes. These new units consist of approximately fifty acres. According to the Mollin Investment company, developers of Palm Village, sales have been most gratifying. Many new improvements are now under construction, and many more are planned for the near future.

## FIRE PROTECTION

Recently the Mollin Investment company, developers of Palm Village, has purchased a new fire fighting apparatus, equipped with war-developed devices for fighting fire with clouds of atomized water. This new type of centrifugal pump develops a pressure of 600 pounds at the fog nozzles, and is found to be the most scientific method of fighting most types of fire. With this equipment residents of Palm Village have organized a volunteer fire

department, which is now being trained. Fire plugs have been placed throughout Palm Village, and with this new equipment and trained personnel, a most effective fire fighting unit is now ready to furnish proper fire protection to Palm Village. Robert Keedy, manager of the Palm Village Desert Market, is the elected fire chief, and is most enthusiastic about the equipment and the personnel.

## TELEPHONE SERVICE

The Coachella Valley Home Telephone and Telegraph company is now erecting a building to be used as a telephone exchange to serve the rapidly growing Palm Village area. It will be known as the Palm Village Exchange, and with the new equipment which will soon be installed a greatly improved telephone service will be available to the residents of the Palm Village community.

## NORWAY'S REINDEER

Norway's reindeer herds were 25% destroyed by the Germans during occupancy but are now reaching the normal 125,000 head again.

Hammonds Will  
Be Featured on  
Musicale Series

Last Tuesday's program on the Community Musicale series was presented by the Lamplighters. The trio is composed of Richard Hutton, Kinston Woodbury and Gary Lincoln. The American folk songs they rendered were interspersed with humor and were warmly received.

Wynne Davis Hammond, soprano, and Alexander Hammond, baritone, will have a miscellaneous song program next Tuesday. Their selections will include classics and light opera. Each will do solos and there will also be duets by these fine artists. Both are well known throughout the valley and their program is one to be anticipated by all radio listeners.

D'Esta Williams, harpist, will be the third artist appearing on this program. Mrs. Williams is well known in this vicinity and has a host of admirers.

Lois Lux, who assists Holly Visel on these programs, will be the accompanist for the broadcast. It will be heard as usual over KCMJ, Tuesday evening from 7 until 7:30.

## Tax Notes

By EDWARD J. NELISSEN

GAINS AND LOSSES  
FROM SALES OR EXCHANGES  
OF CAPITAL ASSETS

The entire subject of "Capital Gains and Losses" cannot, of course, be covered in one article. The following few "High Lights" may prove helpful.

BEFORE selling any assets consider the result tax-wise. Too many taxpayers face the facts AFTER the sale has been made when it is too late to take advantage of the benefits under the income tax laws and regulations covering the subject.

GENERALLY, all gains from sales are taxable but all losses are not deductible. For instance, the sale of a residence resulting in a gain is taxable, if the result is a loss the loss is not deductible. However, if you rent the house for a period before the sale if you expect a loss on the sale, the loss is deductible.

The gain realized on the exchange or "like for like" is not taxable unless "boot" is received in cash or other property. Then the gain is taxable only to the extent of the "boot" or value of the other property.

SOMETIMES a gain may be spread over several years if the sale is made on the installment basis. However, in that case not more than 30% of the total selling price may be received in the first taxable year.

In all cases when selling an asset on which a gain is expected, hold the asset for more than six months. It is important that the exact length of time the property was held be determined. Often, an error of one day may convert a long-term gain or loss into a short-term gain or loss and since this could make a difference of the tax on 50% of the gain of loss, a careful record should be kept of the date the property was acquired and sold.

IN COMPUTING the period held, the day on which the property was ACQUIRED is EXCLUDED and the day on which it was SOLD is INCLUDED. Remember, the rule is that the asset must be held for MORE than six months, not exactly six months. The closing dates of the escrows are considered acquisition and selling dates. In the case of stock and bonds, if the taxpayer is on the cash basis the gain is made on the day the cash is received. If the taxpayer is on the accrual basis the gain is made on the day the broker executes the order.

If you have made capital gains during the taxable year, consider the advisability of selling property or securities on which you have "book" losses due to drop in market values and which are not expected to recover in value. The losses on such sales may offset the gains during the same taxable year.

Next Tuesday: Income from partnerships and deductions to which a taxpayer is entitled.

## "I Rise to Remark"

By CONGRESSMAN JOHN PHILLIPS

Before me, as I type this, lies an urgent letter from an influential member of a California labor union. He asks me to give special attention to the President's budget requests, and then he says, "Our Generals and Admirals estimate that the proposed reductions in the armed forces budget would so cripple the army and navy that in the event of an emergency we would be nearly defenseless."

I replied that if any admiral or general made such a statement he should soak his head in a bucket of cold water. The "sub-committee on war" of the Appropriations committee did not start hearings until February 17 and is not due to report to Congress until March 18. The navy sub-committee will report early in March. This is just an example of the workings of the propaganda machine. Unfortunately, a lot of people, in the armed services and in the bureaus, seem to think the words "national defense" and "essential services" are synonymous with "keep me on the payroll."

Take one department. To avoid embarrassing it, I'll call it Department X. It has sent out a lot of this "any cut will cripple us" propaganda. The committee said, how much did you ask for when you sent your first estimate to your own cabinet officer? 232 millions. How much did he cut it? Down to 171 millions. You mean your head man knocked 60 millions off, before it left your own shop? Yes. When you sent it to the budget bureau at the White House. How much was it cut there? Down to 131 millions. So before that budget request got to Congress at all, 100 millions had been taken out of it. If the appropriations committee suggests cutting any additional items, we'll be charged with wrecking that department! But wait a minute: This is the budget for the year ending 1948, the first post-war peace year of budget making. How much was the budget of that department for the last peace year before the war? 26 millions!

Now will any little boy or girl who is still upset by the cries of anguish coming out of Washington on the subject of "budget cuts" please hold up his or her hand. One of the New Deal remnants, which group voted almost solidly against the 6 billion cut and were joined, to my surprise, by some Republicans who would have thought it over more carefully, made a motion, in committee, that no cuts should be made in the request of either Army or Navy—"National Defense" you know; international complications; if I could whistle the Star Spangled Banner on this Corona, this would be the place for it.

One such item called for \$488,000 for "bachelor officer quarters" on one of our possessions. Pretty nice, I'd say, for 12 bachelor officers. The committee thinks that might be postponed. How much are you paying for that home you're building this year? What home? Well, the

Army wants \$30,000 each for officer's houses. I'm talking about RELATIVE URGENCIES, just as you decide them in your household budget.

Down in the Canal Zone we had hospital beds for about 1900 patients. Two months ago there were 800 patients. One hospital has 226 beds, 49 occupied. There were 136 employees. The point of this is that we built THREE more hospitals during the "war emergency"—white marble, bronze doors, that kind of an emergency, you know—and they are less than half in use. This is the headquarters for the Caribbean area, but still another 1000 bed hospital was projected for Porto Rico. Again the committee raises the question of RELATIVE URGENCIES.

Teacher-training for those who will educate cerebral palsy cases is now part of the curriculum at the University of California's School of Education on the Berkeley campus.

In the interest of truth in holiday advertising, the maker of the unbreakable doll will qualify his claim, as follows: Unbreakable by an adult.—Milwaukee Journal.

## Noted Orchestra, Fashion Show, On Tennis Club Slate

Lee Berings' Tennis Club has announced two forthcoming events of interest.

Beginning Tuesday, Dick Winslow and his orchestra started playing nightly except Monday for dinner dancing. Winslow and his orchestra are well known to all those who have been guests at the Bar of Music in Los Angeles where they have been appearing for the past eight years.

**THE SECOND** outstanding feature is to be a fashion show presented on Wednesday, March 12, by Mrs. Don Wilson.

Mrs. Wilson, who is a fashion designer of note, will present her own designs. Outstanding professional models will stroll through the Bouganvillea Room during the luncheon hour wearing her smart creations. Mrs. Wilson's famed husband, Announcer Don Wilson, will be on hand to handle the microphone during the fashion show.

**FOUR MODELS** gave a brief preview of the outstanding fashions to come, when, during the buffet hour Sunday, they strolled throughout the club showing the smart clothes.

Among those catching a preview of the show Sunday were Mr. and Mrs. Ernest Garland, Mr. and Mrs. William Malouf and their houseguests, Mr. and Mrs. Walter Johns, Mr. and Mrs. Richard Winans, Blanche Bagnall, Captain and Mrs. Ashcraft, Mr. and Mrs. John Dunbar, Mr. and Mrs. Albert Burk, Mrs. Percy Johnson, Mr. and Mrs. Kenneth Colburn, Mr. and Mrs. R. M. Vande Grift, Adelaide De Lap, and many others.

Banning

## Desert Museum Notes

**PROGRAM CANCELLED**—The Museum program of movies usually held every Friday evening in the El Paseo Theatre has been cancelled tonight, March 7, because of priority use of the hall by the local AMVETS.

Next Friday's program, on March 14, will include the following movies: "Down Where the North Begins: Ecuador" (in color), "The Atacama Desert of Peru," and "Monuments of Ancient Mexico" (also in color). These will be viewed at that time beginning at 8 p.m.

**MUSEUM MEMBERS TO MEET**—The regular annual meeting of all Desert Museum members will be held in the El Paseo Theatre next Friday, March 14, right after the program of movies, approximately at 9 p.m. The purpose of this meeting is to elect new officers to the Board of Trustees and to discuss next season's activities. All members are urged to be present, because several important issues to be decided are to be brought up.

**PALMS TO PINES TRIP**—For the first time this season, an all-day auto caravan over the famed Palms to Pines highway is scheduled for tomorrow, Saturday, March 8, leaving the Museum at 9 a.m., and getting back about 5 p.m. The party will go by way of Cathedral City, Palm Village, up to Idyllwild, on over to Hemet, and back through Beaumont and Banning in the San Geronio Pass. Be sure to bring your lunch on this one.

**VOLCANO MOVIE**—Because so many disappointed persons had to be turned away last Saturday night, Mr. Tad Nichols of Tucson, Arizona, has kindly consented to have a repeat showing of his amazing Kodakrome movies of "Paracutin: Birth of a Volcano," this Saturday night, March 8, in the El Paseo Theatre at 8 p.m. Doors open at 7. These remarkable films show the volcano in full eruption, with a river of lava flowing out from its base, with spatter cones spewing lava into the air, and with a solid wall of molten rock destroying the cities of Paracutin and San Juan in central Mexico.

## Olden California Days to be Brought Back at Festival

De Anza Days, Riverside's annual celebration of Old California, will be held May 1, 2, and 3.

Gay Caballeros and sparkling señoritas in colorful costumes will enliven the streets to lend an atmosphere of charming hospitality which characterized the haciendas of long ago.

The three day fiesta will commemorate the first overland expedition from Mexico to California in 1774, led by Captain Juan Bautista de Anza, and following a route across what is now Riverside county.

**THE SAME ROUTE** will be followed by a group of horseback riders, the De Anza Trail Caballeros, on a six-day journey from Riverside to Calexico on Saturday, March 8, to participate in the Desert Cavalcade in that city.

The Riverside celebration, sponsored by the Junior Chamber of Commerce, will again be opened by the distinctive chuckwagon breakfast.

**A NATIVE SPANISH** California jamaica, street dances, costume balls, carnivals, strolling street musicians, the momentous arrival of Capt. de Anza all will prove supplement features for the De Anza Days parade, May 3, limited solely to horse-drawn vehicles and to mounted and marching groups, all attired in the costumes of the earlier eras of California history.

Listen Daily to the  
"Desert Round-Up"

## Bruns Appointed to New Post With Bank of America

Appointment of Walter E. Bruns as vice president in charge of governmental relations for the Bank of America has been announced by L. M. Giannini, president, according to word received today by Fred Ingram, manager of the Palm Springs branch.

Bruns will make his headquarters at the San Francisco head office of the bank.

President Giannini states that the extensive complexities of today's relations between financial institutions and government now cover such a wide range of activity that it has become desirable to coordinate such matters in the Bank of America under one administrative officer.

**BRUNS JOINED** the Bank of America organization at Fresno in 1929 as assistant trust officer after several years in the practice of law in Fresno county. He transferred to the bank's headquarters in San Francisco in 1935 as trust officer, and in 1940 was advanced to vice president and trust officer.

A native of San Francisco, Bruns was educated at Stanford University, Hastings College of Law, and received his LL.B. degree at the University of Southern California Law School in 1922. In World War I he saw service with the French and American armies and was awarded the croix de guerre by the French.

**HE IS A MEMBER** of the American Legion, is present vice commander of Blackstone Post, was city attorney at Redding, Calif., for three years, is a past president of Associated Trust Companies of Central California, has been active in the Financial Advertisers Association and has served on committees of the American Bankers Association.

His new appointment takes effect immediately.

**FLUFFY NAP FOR WARMTH**  
Winter wool blankets should be carefully shaken at intervals to fluff up the nap which supplies the warmth.

## Letters to the Editor

Honorable Phat: Excuse, please, but humble personage writing you at this most unpropitious moment bearing name of Wang, the Gong.

I have great bulletin to announce, thanks.

I no longer enjoying habitat of Palmy Springs.

I—at this point—finding myself entrapped in delightful communal group which are called by the natives Twenty-Nine Palms.

Reason for this earth-shattering movement are necessitated by lack of proper house-top at reasonable pittance in your most glorious city.

If not pain your most worthy person beyond utmost endurance, I be most happy to continue remittance of pitiful column bearing my miserable name-plate.

Local editor, big boss of Desert Trail—who contains name of Bill Underhill—also make miserable self happy with acceptance of aforementioned literarily offere-tory. I also holding worthy position of reporter on same organ.

Well—Hon. Phat—I wishing to express multiplicity of gratitude for all you doing in "past and hoping we be in mainenance of relationship in future likewise, I being,

most humble jerk, please,  
Wang, the Gong . . . also  
called by some guys as,  
Bob Carroll, Jr.

## FARM HOUSE SHORT RIBS

You'll get tender, juicy, flavorful, grand-eating meat every time you buy Safeway Short Ribs. For Safeway Short Ribs are cut from the same top-quality beef that our famed Standing Rib Roasts are cut. Regardless of cut or kind, you can be sure of perfect satisfaction every time you buy.

### RECIPE

### FARM HOUSE SHORT RIBS

Cook as little or as much of these Short Ribs as the size of your family desires, allowing about 1/2 pound for each member. If you want to vary these ribs, braise them in the oven . . . a hot one to begin with (450°F) for 15 minutes and then cover and reduce the heat to moderate (350°F) for an hour or more until the flavorful meat is tender.

2 tbsps. finely chopped 1 cup hot water  
suet or 1 teaspoon salt

1 1/2 tbsps. shortening 1/8 teaspoon pepper  
3 lbs. Short Ribs

Heat suet or shortening in heavy kettle with tight fitting cover. Add meat and brown slowly, turning frequently. Add water, salt and pepper. Cover and cook slowly until meat is tender, about 1 1/2 hours. Remove meat. Serves 6. NOTE: Serve liquid au naturel or add 2 1/2 cups water and thicken with 5 tablespoons flour.

## Perhaps It Was the Impossible

Have Palm Springs veterans been too ambitious in seeking to build a \$100,000 memorial auditorium here? We're afraid so. It seems to be too much money to raise in the Village by popular subscription.

The project has certainly been a laudable attempt. These ex-servicemen have been looking beyond their own needs. They realize that we need a large meeting place here to handle good-sized conventions and numerous other functions that would attract large crowds. Furthermore, they feel that such a place would be a fitting memorial to their comrades who didn't come back.

Veterans are used to seeing things done in a big way. They are men of vision. They have seen the "impossible" accomplished many times in their service days.

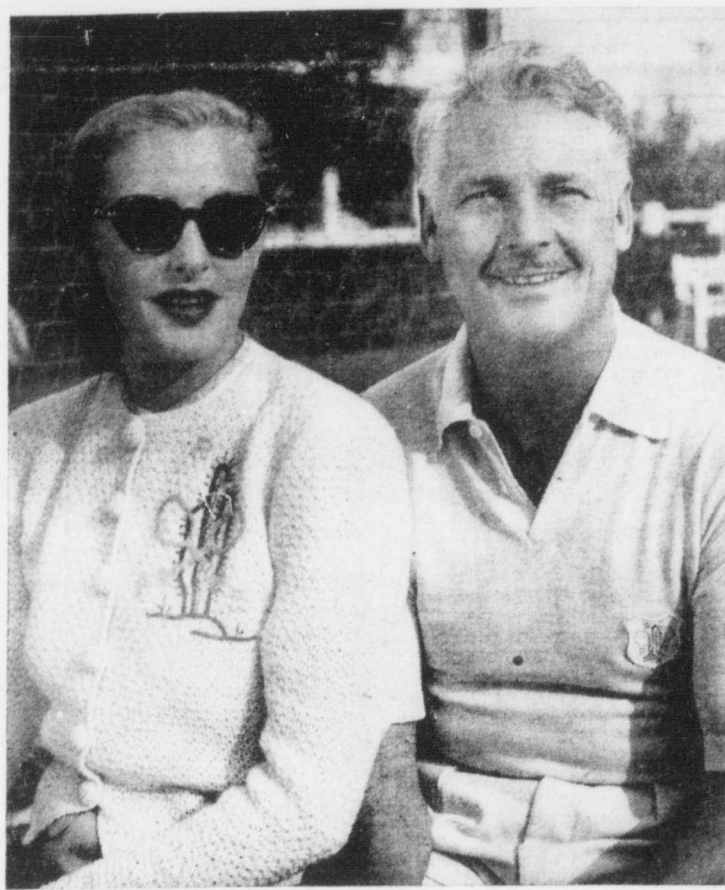

But facts are facts, and the veterans are having to face them. They have a building site and only \$30,000 after almost three years of effort. At this rate it would take many more years before the goal was even in sight. So the men have about decided to give up. It is a bitter disappointment to them. They can build a suitable clubhouse for their own activities and will have no other choice unless some other plan of raising funds for the larger building can be devised.

Most memorial auditoriums have been built by the municipalities in which they exist. It would be more fitting perhaps if they were financed by popular subscription. But they seldom are.

Then, too, there are so many agencies which HAVE to be supported by voluntary subscription that the people get called upon almost constantly. Here in the Village it is even more emphasized because the campaigns all have to be squeezed into two or three months.

So don't be too disappointed, fellow veterans. The odds were against you. This really looks like the impossible.

If there is any other way of building the memorial auditorium or getting up the needed money, we would like to have such suggestions. Maybe there is still hope. If any reader has any idea on the subject let us know about it. Or better still—tell the veterans!

PERFECT—Mrs. Howard "Slim" Hawks, well known winter visitor, poses here with Charley Farrell of the Racquet club enjoying what is known as "perfect Palm Springs weather." (Kopperl photo.)

## Business Women Hear Letter From Mrs. Eva Menard

The Palm Springs Business Women's club held its regular breakfast meeting at the Desert Inn Coffee Shop Wednesday morning. The meeting opened with the pledge to the flag, followed by their theme song, "Oh, what a beautiful morning," with Pearl Laverick, manager of the Coffee Shop leading with high soprano.

All members introduced themselves, naming their individual places of business. New committees were appointed by Emma Jean Hume, president. Serving on the program committee for the balance of the season are Margaret Didrickson, Peggy Randall and Edna Petrillo. A new committee for the group—the International Committee, will have Mrs. Mary Kingsbury, Gladys Capper and Enid Armstrong.

THE FOLLOWING letter from Eva Menard, local businesswoman, was read to the members by Mrs. L. B. Jackson.

Dear Members: A month has passed since I stepped on to my native soil and this past month has been the worst winter England has seen in 50 years. Of course you all know about the coal crisis. We are now having another blackout. Many people have no fuel and are suffering greatly. Schools, theatres and church services are curtailed. Many homes are still in need of repair—windows being closed with canvas. My ration book entitles me to the following for one week—½ pound of meat, 1 slice of bacon, 2 ounces of tea, 3 ounces of margarine, 3 ounces of cooking fat, ½ pint of milk, 1 pound of bread and 1 egg. Fresh vegetables are scarce and fresh fruit is non-existent.

Clothing of course is a problem. The points required to purchase any clothing is higher than the points issued. This is all because the government is exporting 80 per cent of everything made in order to receive imports of food. This condition is aggravated by the fact that most people have lost everything they had and many, two or three times. However one bright spot exists—those who were bombed out and all newlyweds are allowed extra clothing points. The very poor are taken care of by the government, but it is the middle class workers who are suffering. They need more clothes and shoes for work and only one suit of clothes and one pair of shoes are issued a year.

I hope everyone of you will accept this note as my personal wish and that you are having happy inspiring meetings. Hoping to be with you again very soon.

Cordially,  
Eva Menard.

## Propaganda Not All Evil, Speaker Tells Local Lions

Propaganda isn't something evil, Harold D. Jacobs, long-time newspaperman, now spending the season at the Desert Inn, told members of the Palm Springs Lions club yesterday.

The word has fallen into an

evil connotation, he said, because of the untruthful propaganda produced during war years to serve selfish purposes.

PROPAGANDA, however, can be good and of high value if it is truthful, he declared. Propaganda has been going on ever since the dawn of history. Propaganda is simply the dissemination of information, and as such, can be of much good in the world.

He said advertising was propaganda and was doing a great good in making life and living better.

EVERY MERCHANT, chamber of commerce, everyone who has something to tell the public, is a propagandist.

He said he thought it was the duty of the government to set up a department to disseminate information on the American way to other nations. That, too, would be propaganda.

Mr. Jacobs, for many years with Scripps-Howard and with the United Press, was with the OWI in Washington during the war years.

R. F. Graettinger was program chairman and President Harold J. Hicks presided.

LLOYD  
MASON  
SMITH

### THE SIDEWINDER—Part 5

IN THE WILD, a snake will feed about once a week, or every two weeks if prey is available. But it can go months without food at all. It does need water, however, and captive specimens will soon succumb if this liquid is not made available to them. Most snakes hibernate in caves or cavities under the ground, or by burrowing into the loose sand and soil, remaining inactive without feeding, all through the cold winter months, when the temperature is too low to permit activity and when there is no prey for them to catch if they were abroad.

Sidewinders usually mate in the spring, right after they emerge from hibernation. That is when you will normally find them in pairs, and because snakes are most often seen at this time of the year, has given rise to the firm belief that you will always find rattlers paired. This, of course, is untrue. Only during this spring mating season will they be in groups of two. Rarely, mating in the Sidewinders may occur in fall.

THE NUMBER of young in a litter varies between 6 and 10, and each is about 166mm in length at birth (about 6 inches), and comes completely equipped with fangs and poison glands, as well as a button on the end of the tail. Of course, being so small, if they should bite you at this youthful stage, they wouldn't be too dangerous, but they could still chicken, but soft, leathery-shelled hard-shelled eggs like those of a make you sick enough.

Most snakes lay eggs . . . not ones like a turtle's. However, in the case of all rattlesnakes, and some others snakes, these eggs aren't actually laid, but are instead retained within the body until they have hatched. Then the young crawl out and are apparently born alive. This is the case with the Sidewinder.

In striking, a rattlesnake has to have at least a third, and usually about half of his body on the ground. Stories of them rising through the air to attack you are absurdly inaccurate, to say the least. Nor will rattlers chase you. When you chance upon one in the wild, it will try to get away from you as rapidly as you avoid it, and in doing so, the snake will head for its favorite burrow or rock crevice, regardless of whether you're standing between it and that hole of safety.

In such uncommon cases, the

person blocking the reptile's route has sworn that the rattler attacked and chased him. If the truth were known, all the man would have had to do was to stand quietly by, and the snake would have gone right on past him and dived into its retreat. It takes only one unusual instance like that to set up a whole chain of fabrications.

THE FANG of the rattler has also been the source of much misunderstanding. In reality, it is nothing more than a hollow tooth, a Natural hypodermic needle. It is wide at the base and gradually narrows down and curves back to a sharp fine point, near the tip of which is the small opening through which the venom is ejected.

There are usually only two useable fangs at one time, both located in the upper jaw at the front. When not in active use, they both lie folded back against the roof of the mouth, out of the way. But when striking, the mouth is gaped wide and the fangs thrust forward, so that they are at an angle, ready to plunge into the flesh of the victim. These fangs are each capable of independent movement, and can be lowered or raised at will.

DIRECTLY BEHIND these functional fangs are a whole series of embryonic fangs, the foremost pair always ready to grow down and take the place of those in front. In the wild, these fangs are automatically shed every few weeks. For a day or two, there may even be four fangs in the upper jaw, before the old pair drops out and the new ones become useable. If it were not for this provision to replace the fangs, the rattler might suffer badly, in case of accidental breakage by striking a rock or other hard object, and of course would soon starve if he had no new fangs.

The Hopi snake dancers realize the danger of this embryonic series of fangs, and when they capture rattlers prior to a rain ceremony, the snake priests carefully pull out not only the front pair, but the next couple of unused teeth behind them, to ensure the snake being harmless all through the dance and for about a week or so afterwards. In the course of the dance, live rattlers are carried about in the mouths of the snake priests. It was long conjectured how they could do this, and many believed they had a special drug which was imbued to give them immunity to rattler venom. But it wasn't until Dr. Charles Bogart of the American Museum caught some of these snakes after they had been released and carefully examined their mouths, that the truth was known. The reptiles were still poisonous all right; they just couldn't bite you.

IN THE SKULL, back of the eyes, are located the two poison sacs, in which the venom is manufactured and stored. These

glands are greatly modified salivary glands and can replenish their full supply in about two weeks if all the poison is "milked" from them by squeezing, as is done in making antivenin sera. These sacs are under the muscular control of the snake, which can eject just as much or as little venom with any one bite as desired. That is why the severity of a rattler bite varies. Perhaps the snake has been feeding heavily lately, and used up most of his surplus venom. Therefore, if he should bite you then, he would be unable to inject much poison. Or perhaps he doesn't think you're a very formidable enemy, and rather than waste his precious poison, he'll only contract the sac muscles a little bit.

At any rate, the poison flows out of the venom sac, through a canal to the base of the fangs, down through the inside of the fangs, out the tiny opening at their tips, and into the blood stream of whatever is bitten. So rapidly can a rattler strike and recoil, that after you can't even see the movement, only a blur. Nor does a rattlesnake have to coil in order to bite. Ordinarily he does coil first, and rattle his warning . . . but he doesn't have to do either.

AS HAS ALREADY been pointed out, rattler venom is an aid to digestion, and speeds up the cell destruction within the prey that has been eaten.

The place of origin of rattlesnakes is conjectural, but all evidence would tend to indicate the highlands of Mexico. Of the 39 types of rattlers distinguished, 24 of these occur in Mexico, rattlesnakes are restricted to the New World; none occur in Europe, Asia, or Africa.

A GLARING ERROR was made by the natural history painter Audubon in his famous picture of a rattlesnake attacking a Mockingbird's nest. The eye of the snake is shown as being circular in outline, whereas the pupil should be elliptical. Most venomous snakes have pupils of this shape.

Many people still think a snake's tongue is a stinging organ. Actually it is the equivalent of a nose, a scent-detecting organ. When the snake is flicking his tongue in and out, he's scenting the air like a dog sniffing. Small particles are picked up on the moist tongue and then withdrawn into the mouth, where the forked tips convey them to two organs in the roof of the mouth, called Jacobson's organs. These organs actually do the smelling.

Between the eye and the nostril of the sidewinder, and all rattlers, is a sunken pit divided in half by a delicate membrane. This depression gives the snake its common name of "Pit Viper," and is used to detect warmth. So sensitive are these pits that they can detect a warm-blooded mam-

## Letters to the Editor

To the Editor: As president of the Palm Springs Jewish Women's Group it is my pleasure to thank the community of Palm Springs for their liberal response to the very successful Youth Aliyah affair given at the Palm House on Tuesday, February 25, 1947. The group appreciates the fine cooperation of The Desert Sun in advertising this affair with frequent notices, and for the many radio announcements given, by Mr. Bill Rochelle and Mr. Clint Jones.

Sincere thanks go to the merchants of Palm Springs for their many generous and beautiful gifts and also to the countless local and tourist contributors. Without the united support of all these people the affair could not have been so complete.

All members of the group ably assisted the capable chairman, Mrs. I. Becker, in every possible way. Mrs. Becker did a splendid piece of work and full credit is due her. Her committee heads were Mesdames L. Baker, I. Matloff, J. Freeman, S. Rosin, B. Ostrow, R. Kulla, and C. Bonoff. Master of ceremonies for the evening was Jules de Varzan assisted by Herman Levin. Bartenders were Leo Baker, Sam Stuart, and Charles Bonoff. Other valuable services were rendered by Irvin Matloff, Stanley Rosin and Lou Dubin.

The entire proceeds from this event will be given to Youth Aliyah, the movement which sponsors the rehabilitation in Palestine of homeless children in Europe. Through the efforts of all people mentioned as well as the general public of Palm Springs many of these children will live again. Thank you.

Mrs. (Herman) Ruth N. Reich

Editor The Desert Sun: The folks who live at Ramon Trailer Park, on east Ramon Road would like the general public to know that our park is in no way connected with the Ramon Trailer Camp where the fatal shooting of the young Indian girl took place.

Thanking you, I am,  
Sincerely,  
JAS. M. EDWARDS,  
Manager.

mal at many yards, even in absolute darkness. This enables the rattler to hunt at night, not depending upon either sight or smell to seek his food.

Snakes have no external ears. They can detect only vibrations through the earth; they cannot hear ordinary sounds. No cobra ever heard the plaintive notes of the charmer's flute. Hearing is the least specialized of all the snake's senses.

To be concluded.

### Leak Detector

Twirling a tire tube around a basin of soapy water and finding, without too much exasperation, a "will of the wisp" leak was a feat always good for a pat on the back, but there's an instrument which would scorn a job like that and make it look like child's play. The device is the General Electric leak detector, which is so sensitive it detects a leak "slow" enough to pass but one cubic centimeter of helium every 16 years. Or to put it another way, the new device could spot a hole so tiny that 15,000 years would be required for a quart of air at atmospheric pressure to pass through that hole. Using helium as a tracer gas, the leak detector is able to measure the normal helium content of the atmosphere, which is approximately 1 part in 200,000 parts of air.

### Anniversary . . .

and 1681 laboratory tests were made.

IN A MESSAGE which accompanied each candied cake to the patients the women members of the board of directors who hosted the birthday party said:

"We have not done all we would like to do. Our building is temporary. Our furnishings are not much, but our efforts are directed to serve those in need. A new hospital will some day rise to take the place of this one thanks to the generous people of our community, but there will still be the same idea and ideal of service."

Present at the birthday cutting ceremony in addition to the staff were Mrs. Barney Hinkle, nurse's aide; Ernest Alschuler, director; Ann James, nurse; Frank Ben-nett, president of the association who cut the cake; Mrs. Clay

### Defies Police and Pays Fine of \$100

L. D. Shurtleff, trailer resident, was fined \$100 in Judge E. E. Theriault's court Tuesday because he refused to aid police in tracking down a woman wanted in Redlands.

Shurtleff is alleged to have said he "was no rat and wouldn't help the so-and-so police in any way."

The woman in question, Mrs. Annette Martin, with whom he had been seen several times, is still at liberty.

We require military establishment adjusted to the atomic age, not maimed and crippled by atomic propaganda. — Maj. Gen. Anthony C. McAuliffe.

Borden, nurse's aide; Howard Jay, administrative consultant; Mrs. Charles Farrell, nurses aid and Virginia Colville, nurse.

“What could  
the Red Cross  
do for you?”

(Just find yourself—or your family—in the pictures below)

**ARE YOU A VETERAN  
WITH A PROBLEM?**

You can get help with anything from stubborn personal troubles to your benefit claims!

The Red Cross helped more than 1,100,000 veterans last year, through home service workers in chapters.

**WILL YOUR CHILD GO  
SWIMMING THIS SUMMER?**

The Red Cross may save her life!

Throughout the nation, the Red Cross gives training in swimming and water safety. The drowning rate in the U. S. has been cut in half since this program was begun.

**DO YOU LIVE IN  
ONE OF THESE AREAS?**

Every one had a serious disaster last year!

Your Red Cross saves lives, supplies emergency food and medicine, even restores homes according to need.

**WILL YOU BE IN AN  
AUTOMOBILE ACCIDENT?**

Even the most careful driver can't be sure!

There are 12,000 Red Cross highway first-aid stations and mobile units operating in your interest.

**DO YOU HAVE A BOY (OR GIRL)  
IN THE ARMED FORCES?**

Today—tomorrow—any day may bring a real need for the services of a Red Cross field director, recreation or hospital worker!

At home and abroad, essential wartime Red Cross activities for the armed forces are a continuing responsibility.

**WILL ILLNESS  
INVADE YOUR HOME?**

No family is immune!

Red Cross training in home nursing is a protection to the home and the community. Altogether 2,710,980 individuals have received Red Cross Home Nursing certificates.

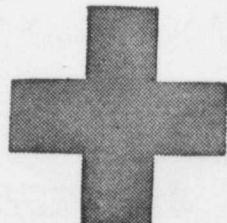

**GOING TO HAVE A BABY?**

You'll be a better mother after Red Cross training!

Classes in nutrition, mother and baby care, and family health, are available in hundreds of Red Cross chapters.

Don't you see? How easily it may be you who will need the Red Cross? See—how much—how very much—it means to your country, to your community, to you yourself to have this great organization ready and able to answer the next cry for help? See—why you should give now—give all you can—to the American Red Cross?

**GIVE**  **so your  
RED CROSS can carry on!**

### Juvenile Theater Hits High Spots With Programs

Last Saturday was an outstanding day for members and guests of the Juvenile Theatre, as there were two special features presented. There was an embryonic Lawrence Tibbett, in the person of Frank Ryan Molica, 4-year-old singer from Brawley. Frank sang "The Toreador Song" from Carmen, and "The Girl That I Marry", accompanied by Lois Lux at the piano.

Harold Tonne entertained the children with songs and played several instruments, among them harmonica, guitar and accordion. One of the regular members of the Juvenile Theatre, Eleanor Purcell, played "Three Blind Mice" in swing style.

All children enjoyed "The Five Little Peppers" on the screen.

Saturday, March 8, will be another highlight. A bicycle is to be given away and there will be a good program of dancing and singing on the stage. Colored cartoons will be shown as usual and the feature will be "Baby Sandy Gets Her Man" starring Baby Sandy. All mothers are urged to bring or send their children.

PALM SPRINGS, CALIF.  
Friday, March 7, 1947

The Desert Sun—7

Proverbs are almost a "second language" to the Chinese and are used by rich and poor alike, says a University of California professor.

Catherine the Great, on finding an early spring violet growing in a park, placed a sentry over it so that it would not be plucked. She forgot to rescind her order, and sentries guarded the spot for 150 years.

Curtains slide more easily on curtain rods that have been lightly waxed. Waxing also protects rods from rust.

Franciscan missionaries introduced California's first olive trees from Mexico.

Domestic and Berma-type onions that range from 1 inch to 1 and 5/8 inches in diameter are often called "boilers."

(PHOTOS BY BERNARD OF HOLLYWOOD.)

Vibrant Mrs. Ethel Gillett, Whitehorn (pictured upper left), whose column in the Desert Sun is widely read throughout the state, is well known for her activities in Republican party affairs. Mrs. Whitehorn indeed leads a full and diversified life, for her activities include her writings, including her own national paper, The Republican Spokesman; her tours of women's clubs where she lectures on such varied subjects from home and gardens to international conditions, her work in child delinquency issues and her interest and enjoyment in her own home and friends.

Well known throughout our entire Village for her diligent and greatly appreciated guidance in music circles is Holly Lash Visel, (upper right) here shown with her two sons, Jon, at the piano, and Nelson. Mrs. Visel is director and sings with the Palm Springs Trio, is director of the United Singers of Palm Springs, heads all music at the Community Church and is co-director for the Children's Matinee held on Saturday. Mrs. Visel is also well versed and interested in drama, being a graduate of Cumnook School of Dramatics.

Guests of Palm Springs are Mr. and Mrs. Max Malamut, (lower left) here photographed in their bungalow at the Desert Retreat. Mr. Malamut is a hotel man from another resort spa, Atlantic City, and owns the Breakers and Astor hotels there. The Malamuts, being fully acquainted with resort life, should be good judges of such a type of city and our Village was paid nothing but the highest of compliments by this couple. They came originally to stay one week, and remained for five, which is as good an argument as would ever be needed.

Two popular Palm Springs women are Mrs. Louise Burket and her daughter, Carol (lower right). Mr. and Mrs. Burket have made the Village their home for 25 years and Carol is almost a native, being born in Banning. Mrs. Burket is vice chairman of the Welfare and Friendly Aid Society and secretary of the Soroptimist Club. Carol has had her share of activities also, graduating last year from Palm Springs High school as valedictorian of her class, president of the Scholarship Society and socially one of the most popular girls. She now attends Pomona College.

### Guidance Talk Is Feature of P.-T. A. Workshop Session

Nellie N. Coffman junior high school Parent-Teacher Workshop held its regular meeting Tuesday at the school. Mrs. S. L. Okerlund chairman of the group, pre-

sided. A short membership contest discussion was held and by motion was referred to the Room Mothers committee. This committee will put their plan in effect before the next meeting. Mrs. M. E. Hannon is the chairman of this group.

Mrs. Eula Moore, director of guidance of the Desert School district was introduced and prefaced her introduction of the

speaker with a few remarks about his background.

C. A. Taft, director of guidance of the Inglewood city schools, who is an ardent student of child philosophy, gave a very interesting and enlightening talk interspersed with illustrations and actual case histories. The group very reluctantly dispersed, many remaining behind to ask questions and hear further about one of the most interesting subjects confronting the parents today. Those who did not attend, missed hearing one of the best informed and entertaining speakers to be presented to Palm Springs audiences this season.

The Parent-Teacher Workshop will continue to present outstanding programs and anyone interested is invited to attend.

## Doing the Village

with  
Moya Henderson

Another chest drive took place this week, a drive for chest X-Rays by the Tuberculosis Association. Perhaps you noticed the big semi-truck and trailer outfit in town on Monday. This new unit speeds up the process as pictures can be taken through clothing. This is what the money from the sale of your Christmas Seals goes for.

Celebrating at the Doll House to her night in what appeared to be a reunion, were Bernice and Charles La France, Juin Crawford Morris, Inez Morrison Raleigh, and Iris Riley Laine.

DESERTING the desert for the week-end were Dee and Roger Williams and young Rogie who made the best of the fine weather and took off for Balboa and Holly Visels' beach home.

The Joseph Alles of North Carolina chose Palm Springs for their honeymoon and have been the guests of Wanda and brother, George Alles, while in town. Invited to meet the newlyweds and also to initiate the Alles' new grill were Ann and Elmo Funnell, Birlie and Hutch Mosely and Millie McCormick.

THE BUSLOADS of strangers seen about town on Sunday were probably from the staff of the San Francisco Chronicle in town for the day. The party of around one hundred men stopped off at Santa Anita before coming to the Village. They were met at the train on Sunday morning by busses and brought them to town where they spent the day sight-seeing before returning to their train.

Each Tuesday the members of the Grey Ladies have been entertaining a group of convalescent sailors from the Naval Hospital at Norco. This week the boys were taken to Deep Well Ranch where they were the guests of Melba Bennett for the afternoon. The boys so enjoyed Deep Well and visa versa that Mrs. Bennett has generously asked to be sent a group every Tuesday until the ranch closes for the season.

WALL SPALDING, Los Compadres president, missed his organization's dance on Saturday night. Earlier in the evening, Thelma, while preparing dinner, splashed boiling water into her eyes and was rushed to the hospital for treatment. The Community Hospital is a busy place these days. Tuesday it celebrated its first birthday with cake and all the trimmings for all inmates. Young Bobby Henderson's room is a busy place every evening. Bobby is still recuperating from a broken leg received at the Field Club while steer riding.

Wednesday night the Desert Riders and their guests took off across the desert for dinner out Palm Canyon way. This enthusiastic group would like to meet every day if more pressing matters did not interfere.

TICKETS are still available, 'tis said, for the Desert Bridge to be given by the members of the Woman's Club at the clubhouse on Monday at twelve thirty. The proceeds will go for the Club's Girl Scout work so here is an opportunity to combine your good works with personal enjoyment.

Taking time out from plugging away at their studies, Charlie Riley and Johnny Reeding make it home from San Bernardino J. C. right often on week-ends. Bill Gilbert, now at Los Angeles City College, frequents the local courts on Saturdays and Sundays. Bill and his brother, Lee, were Village stars in their high school days.

### MORE ABOUT . . .

#### Hospital Loss . . .

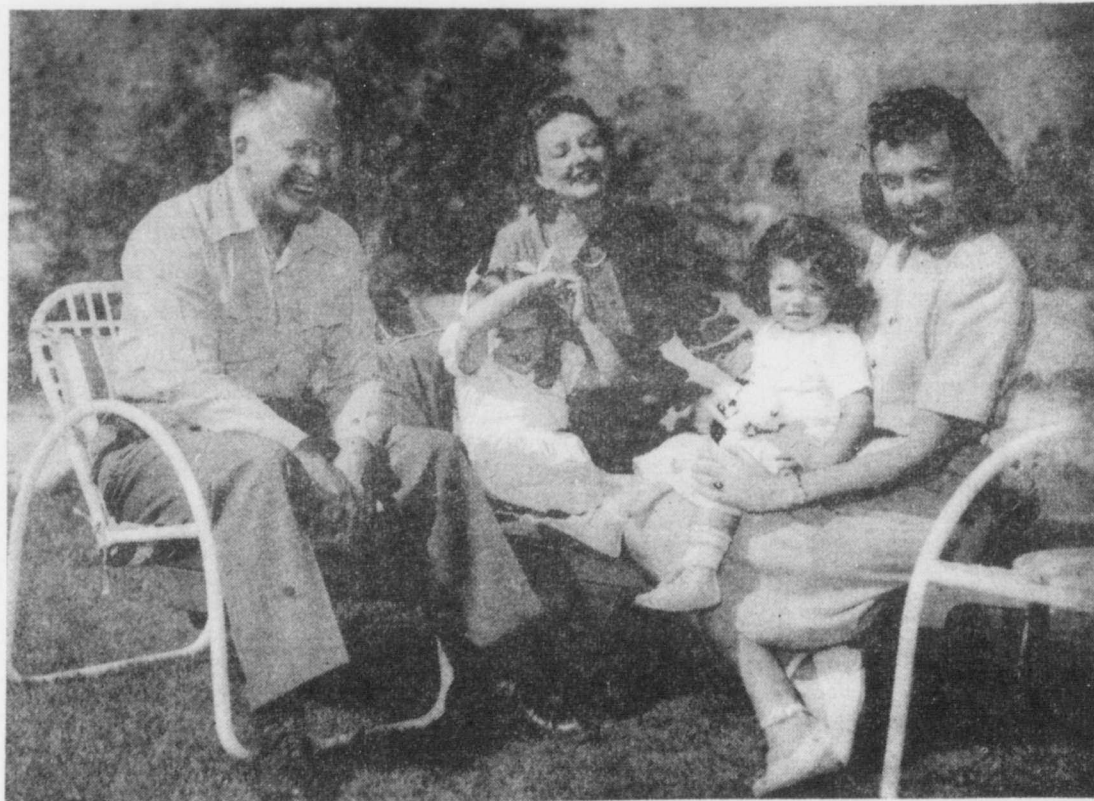

second the Reconstruction Finance corporation also known as "not interested." The state and the city come next and it is this priority that Palm Springs will try to exercise successfully if within its financial means.

FRANK BENNETT, president of the Palm Springs Community hospital yesterday issued an appeal to all civic, fraternal and veterans organization to add their voices in the plea of the city in its letter of intent that a substantial discount be granted the city.

In addition to Ward B, if the city is successful in its bid, the original intent filed by the city of Palm Springs with War Assets more than a year ago in Washington, cited the many uses the buildings and the property would be put to, in the civic life of this community.

AMONG THE MANY USES cited was a place where many non-profit organizations in Palm Springs could be housed. There would be room for a park, recreation hall, swimming pool and ample room for the various branches of the growing city government in which to function including public schools—the schools are interested deeply in this.

Aspect of eviction of the hospital, according to legal opinion is that if the property is sold to private persons, court action to remove the patients and what property belongs to the Community hospital could take place

VISITOR HERE—W. A. Reanier, San Francisco, domestic sales manager for Tidewater Associated Oil company, who is spending a month here, found perfect weather to greet him and his family. He's shown left above, with Bonnie Busby, granddaughter, and daughter, Mrs. Helen Busby. (Desert Camera Shop photo.)

### MORE ABOUT . . .

#### Air Circus . . .

stance to the staging of the show which is expected to draw an untold number of air-minded persons to the spectacle on Sunday April 13 between the hours of 9:30 and perhaps 12 or 1 p.m. Mrs. Nelson was of the opinion that aviators and others interested in flying would come to Palm Springs from a distance of 500 miles radius from the Village.

The program, still in a stage of being arranged will include a display of jet-plane flying by pilots stationed at March Field in addition to other army ships that will remain on the ground for first hand inspection by spectators.

Helicopter rescue will be simulated for the edification of those watching. A jet-ship known as the P-80 Shooting Star will also be on the ground and its workings explained by army personnel. Military aircraft from other fields may be flown in for the two or three hour show.

TONY LAVERE, famous stunt flier and another highly acclaimed private air circus ace are being negotiated with for their appearance at the show on March 13.

Each member of the board of directors and others in the organization are now hard at work ironing out the details of duties set up for them to accomplish to make the show a success.

Al Zirkin, former officer in the Air Corps and Ernie Dunlevy are working out the details with the Army Air Forces. Leeman E. Jay, AMVET has arranged with Reed's Radio Shop to install the public address systems, which that concern is donating for the event.

George Strebe on hearing that an air-circus is planned for that day voluntarily offered to endow the show with \$1000 immediately to pay for incidental expenses. Peter P. Sheptenko also volunteered to assist financially as did many others. Wade Miller, home owner, according to Glen Rogers wishes to assist in any way possible financially to make the first air circus in Palm Springs a huge success.

within a period of six months from the date of sale. It is believed that the WAA would turn the cancelable government lease over to the successful bidder, who in turn might enforce immediate evacuation of Ward B.

THE HOSPITAL has proven a God-send to this community. Without a doubt it has been instrumental in saving many lives. Prior to its operation, for those who may have forgotten, injured and seriously ill, were forced to endure long agonizing automobile journeys to hospitals located in Indio or Riverside. Police and medical reports of more than a year ago, will show that many a life could have been saved if a hospital had been located within the city limits.

The Palm Springs Community hospital eventually intends to erect a building of its own but due to the high cost of material and labor has postponed this action.

"THERE ISN'T enough money set aside for such construction at this time," declared an officer of that association. Perhaps in a year or two, when prices come down the hospital will be in a position to build. In the meantime we dread to envision Palm Springs without an operating hospital in the city."

The man and woman in the street in discussing the possibility that Ward B may be legally sold out from under the hospital echoed the same opinion—"it would be dreadful."

"Everybody who has any civic pride," declared Bennett, "should openly and with letters signify their belief that the government should recognize the need of this property for city use which includes health, recreation and education for the residents of this community."

I was all right when I got into the car to go home, but as I drove along the street lights kept coming too close to me.—Circus mid-get in Chicago traffic court.

A daughter was born to Mrs. Thomas J. Elliott at Palm Springs Community hospital this morning.

## Associated Oil Executive in Village for Rest

W. A. Reanier of San Francisco, domestic sales manager for Tidewater Associated Oil company, and Jud Osburn, of the local Associated station at Amado and the drive, are renewing old friendships these days.

The San Francisco executive and the Villager were associated in San Francisco for several years.

Mr. Reanier took a home for a month at 66 Palo Verde, coming here February 15. With him came his wife, daughter, Mrs. Helen Busby and two granddaughters, Bonnie and Barbara Ann.

Reanier has been with Associated for 30 years.

## Sky Lanes Owner Held on Check Charge

Marve A. Dubin, 28, pilot and owner of Sky Lanes, air taxi and private air charter service, was under \$1000 bail, following his arrest yesterday on a felony warrant charging him with the issuance of four fraudulent checks amounting to \$303.78.

The warrant was signed by Ferrill Wrathall, owner of the Ferrill Richfield station. Dubin's arraignment was set for March 10, in Judge Eugene E. Theriault's court.

Drivers who boast they can turn around on a dime often have intellects of the same proportions.

Anoxemia is the flyer's ailment that brings quick death due to lack of oxygen.

## Smoke Tree Ranch Cottage Burned

Fire Tuesday night about 10 p. m. destroyed the cottage of Douglas T. Smith, a guest, at Smoke Tree Ranch.

Mr. Smith lost all of his personal belongings in the blaze.

A defect in the wiring was blamed for the blaze by Fire Chief Bill Leonoso.

### MORE ABOUT . . .

#### Salton Sea Sue . . .

afraid to trust my thoroughbred with your Arizonians.

"Salton Sea Sue" is of the original California Gila family and traces her ancestors back hundreds of years before some of them migrated to Arizona. My Gila, even without her helicopter attachment can beat anything in Arizona, which I can prove, providing you don't out-rule hydraulic brakes. I wouldn't want the race to end up in the middle of New Mexico.

HARRY OLIVER, Thousand Palms, Calif. P.S.—"Salton Sea Sue" also looks good in a bathing suit.

## Chart, Inc., Asks Permit for Dancing

Application of William Kent for a dancing license at Chart Incorporated, formerly known as the Continental, was referred to the safety commission for initial action and report.

## Publicity Fund Meeting Called for Tuesday

With nearly 75 business leaders of the community expected to attend, a luncheon meeting Tuesday at the Desert Inn will give the final "yes" or "no" on whether Palm Springs shall raise a substantial promotional fund aimed at bolstering travel to the Village next fall.

The luncheon session, called by the chamber of commerce, is open to all business men of the community, with a special invitation extended to owners and operators of new businesses in the Village. Attendance is open to all regardless of chamber of commerce membership. President Phil Delano emphasized today. Lunch will be served in the Sombrero Room at 12 o'clock promptly. Reservations must be telephoned to the chamber of commerce before 9 a. m., Tuesday.

FACTS AND FIGURES on the promotional campaigns of other resorts competing for the Palm Springs tourist travel will be provided the group as a basis for deciding whether a sizeable fund should be raised here. If any such funds are to be obtained they must be raised within the next few weeks since orders for advertising space in many of the finer magazines must be placed two and three months ahead of publication date, the chamber of commerce head said.

Already paid in or pledged to a community advertising fund is approximately \$12,000 raised by owners of hotel and apartment houses. Nearly half of this was spent in a publicity and advertising campaign conducted by the hotel and apartment group last fall in an effort to spur travel here in December. Only one-third of the hotels and apartments contributed to the fund and the goal of \$30,000 was not reached. It is believed that if a downtown business fund drive is undertaken, additional hotels and apartments will cooperate.

"IT IS VITALLY important that we have a representative turnout of business men for this luncheon meeting since the decision on this important matter should be the sentiment of all business firms here," the Chamber president said, adding that a limited period is left in which to conduct an advertising fund appeal if the business men approve such a plan.

## Selection of Queen Starts This Sunday

Due to an enforced change of plans, selection of a queen to preside at the Eleventh Annual Desert Circus has been scheduled for Sunday, March 16, at Deep Well Guest Ranch, it was announced today by Mrs. Melba Bennett, chairman in charge of choose-the-queen committee.

It had been originally planned to hold an elimination round at the Field Club next Sunday in connection with a Los Compadres Gymkhana but the latter had to be postponed because of conflict with a similar event at La Quinta. So the queen selecting detail was moved over to the following Sunday, with the finals to be held on that date at the Deep Well guest ranch.

THE QUEEN CONTEST is open to any Palm Springs girl over 18 who can do a reasonable job of riding a horse. No advance entry registration is necessary; all contestants need do is to appear at Deep Well guest ranch on their horses at 2 p. m.

Six prominent horsemen of the Village have consented to be judges for the competition. They are: Frank Bogert, Tony Burke, Phil Delano, Jack Wentworth, Earl Coffman, Trav Rogers, and Ted Slocum.

To the winner of the contest will go an entire western outfit, the gift of the firm of Taylor and Burke of Los Angeles.

## Noted Artist Has Pictures on Display Here

On exhibition at the Orchid Flower shop, 111 North Palm Canyon drive—are two paintings by Laura Artz, well known artist who has won first prize at many exhibitions.

The Orchid Flower shop was recently purchased by G. Blayne Miller.

The paintings will be on display for the next few days.

## Final Plans for Party Altar Society Make

Altar society of Our Lady of Solitude, Catholic church, met at the rectory Tuesday afternoon and made final plans for their card party at the Desert Inn on March 18.

Tickets are still available from members of the society and reservations are now being accepted.

Tune to 1340 at 5:25 P. M. for News

# Vast Growth of Village Area Is Outlined

## District Manager Crocker Reports on Expansion of Desert Territory at Riverside Power Company Meeting

Albert G. Cage, president of the California Electric Power Company, disclosed to executive officers, department heads and other employees, at their annual meeting in Riverside during the past week-end that the Company will expend approximately seven million dollars during the next two years for added facilities and plant expansions, part of which will be available from its own reserves and part from new financing, the securing of which will be under the supervision of former president of the company, A. B. West.

Among other speakers were Albert Cage, president; Carl C. Ernst, vice-president and general manager; Fred Oldendorf, vice-president; J. E. Collins, vice-president; Henry W. Coll, attorney, acting as chairman; Willard Wade, general manager Interstate Telegraph Company; Edmundo J. Guajardo, attorney; Loyd Louden, general manager for Industrial Electrica Mexicana, S. A., Mexico; L. C. Phipps, Jr., treasurer, of Denver, and former president A. B. West.

**DISTRICT MANAGER** Francis F. Crocker reported at a conference of district managers for the entire system as follows: We are exceedingly pleased and happy that the growth of the Palm Springs district has exceeded all reasonable expectations for 1946. The City of Palm Springs has had building permits in excess of six and one-half million dollars. Of course, the growth was not confined to the city alone, but covered the district from the Banning city limits to Point Happy. A short study of all the various essential services, including ours, shows an increase of, roughly, 20% over the previous year.

Many thousands of acres have been newly subdivided, and the improvements such as wells, water lines and pavement put in; lots are being offered for sale, with unusually satisfactory results, and in many cases followed by extensive building programs on these new subdivisions.

**THE WORK LOAD** on the personnel at Palm Springs, to provide the necessary facilities so that electricity could be furnished, upon completion of buildings and wells, has been very heavy. The excellent cooperation from the Riverside engineering and construction departments, and the local engineering and construction employees, has made it possible to connect, within a reasonable length of time, a large part of the load waiting.

However, in spite of these efforts, numerous customers have had to wait, what they consider, a long time, although, in most cases, when all of the particulars were explained to them, they have been most patient and considerate.

**THE COMMERCIAL** Department has been cooperative in supplying equipment. Delivery of appliances has exceeded the amount to be expected in a normal year, however, there still remains a substantial backlog of unfilled orders.

The problem of operating a district during this period of excessive expansion and overloads, has produced conditions for which there appeared to be no answers. However, in spite of overloaded lines and transformers and poor voltage, we got by without too serious difficulties.

There is work under construction, and completed, and studies being made which will solve all of the major difficulties before next fall.

## New Shop Will Open on Monday

Mr. and Mrs. Don Grady who own dress shops in several central California cities, will open a shop here at 174, The Center, on Monday, March 10.

It will be operated under the name of Rosalie's Brother and Sister shop. Maxine Williams will manage the store.

## Dr. B. G. Adair, Dentist, Opens Office in City

Dr. Burton G. Adair, who has been engaged in the practice of Dentistry in California for the past twelve years, has established his offices in the Palm Springs Medical-Dental Centre at 244 South Palm Canyon drive.

Dr. Adair is a graduate of the University of Michigan at Ann Arbor and has been actively engaged in the practice of dentistry since 1922.

Dr. and Mrs. Adair have leased the Marcus Caro home at 1675 San Jacinto Way. Their daughter, Julie, is a second grade student of the Frances Stevens school.

## Family Tickets on Sale for National Orange Exposition

Traditionally a part of the citrus exposition, Family Tickets to the 32nd National Orange Show, opening in San Bernardino on March 13 and running through March 23, are now on sale. This was announced today by Fred B. Mack, president of the 32nd National Orange Show.

He pointed out that Family Tickets this year, as in the past, will enable residents of this immediate area to effect considerable saving in admissions and see this year's event more often.

Family Tickets, consisting of three regular \$1.00 gate-admissions for adults, will be sold for just \$2.00 including Federal tax. Children under twelve will be admitted for 25 cents including tax.

Mr. Mack disclosed further that Family Tickets are on sale in this area at leading stores or may be purchased from civic organizations and individuals.

He advises immediate purchase of Family Tickets since the number available in each area is limited. Family Ticket sales will end next Tuesday noon, March 11.

## Interesting Talk on Foreign Policy Heard by Women

By MRS. JOHN S. LAPP

Ellis L. Spackman gave a very interesting talk on "America in Relation to Europe" at the regular meeting of the Palm Springs Woman's Club on Monday, March 3.

Mr. Spackman based his talk on his personal experiences as a counter intelligence officer in charge of arresting and over-seeing the incarceration of high Nazi officials and party members during the recent war; and on life in Germany as he knew it during his years of study there prior to the war.

GERMANY, he said, is the key to European power—the nation that controls Germany controls Europe.

He discussed at some length the policies, or lack of policies, in the four occupation zones.

The Russians, he said, have had several different policies to date, all with the intention of crippling Germany irreparably, and moving as much of her industrial wealth to Russia as possible; with the net result that they have earned a deep hatred on the part of all those Germans in their jurisdiction.

BRITAIN would like to help Germany back to economic independence partly in a spirit of kindness, but mainly to make of her a buffer state against Russia. The British are not vindictive against Germany because they are not so emotional a nation as we are, and even in war do not really hate their enemies. Britain, however, is in economic difficulties of her own and in a position of being unable to offer much aid to Germany even though she knows it to be a wise policy.

The French occupation zone is mainly policed by troops from the French colonies who take delight in all sorts of pillage and wanton destruction; and most of the officers in charge are chiefly interested in lining their own pockets. France, having been invaded by Germany three times within the last hundred years is mainly interested in making her incapable of further aggression.

OUR AMERICAN POLICY is idealistic and altruistic but is rather vague. Also, our troops in the occupation area are mostly green, untried soldiers—replacements—whose chief interest is getting back to the U.S.A. as soon as possible. No one knows just what our policy is; so there is continual shifting and evasion of responsibility; and much conduct detrimental to the prestige of our Army.

If the world is to be free from the menace of future wars the forthcoming conference of world powers must bring forth a real unified plan for the administration of occupied Germany, Mr. Spackman believes; otherwise the next war will start there also, but this one will not be started by the Germans.

MRS. HAROLD MURPHY reminded the members of the card party to be held at the club house on March 10 at 12:30 o'clock, a dessert bridge party for which many fine prizes have been donated. Members were asked to bring suitable gifts for the grab-bag that day.

Announcement was made of the annual flower show on April 7, which will also feature an art exhibit by Mrs. Georgia Caldwell Freeman.

Mrs. Marvin Ostrander and her

## Personalities

Betty Betz, the noted teen-age authority, whose articles and drawings have been seen in Seventeen, Woman's Home Companion, and many other leading magazines. Her teen age fashions, stationery and greeting cards are considered indispensable by the younger set. Miss Betz is working on another book while staying at the Racquet Club.

Randolph Churchill, Winston's son, passed through the Village last Saturday on his way to Phoenix and Wichita Falls, Texas, where he is giving a series of lectures. With him was his associate, Denys Rhodes, who announced for publication that Mr. Churchill had successfully driven through Beaumont without receiving a ticket for speeding.

Arthur Schwartz, composer and producer, whose tunes "Gal In Calico", "Oh, But I Do", and "Through A Thousand Dreams" are all on the Hit Parade, is enjoying the desert sun and renewing old friendships.

Glynis Johns, English motion picture star who was last seen in Vacation From Marriage, is staying at the Racquet Club.

Peter Stackpole, son of a famous sculptor, and himself one of Life Magazine's star photographers, was here over the weekend photographing the home of industrial designer Raymond Loewy. These pictures will appear in Life and give Palm Springs another boost in a national magazine.

Mr. and Mrs. Patton Parkes of Trona were entertained last week by Mrs. Mary MacMurray, manager of the El Irisado. Mrs. Parkes is the sister of Mrs. MacMurray.

Diana Lynn, movie star, was a recent guest at the El Irisado.

Mrs. D. H. Mowry, wife of Dr. Dean H. Mowry of St. Louis, Mo., arrived last weekend to join Mrs. Betty Atkinson of Hollywood, who is visiting in the Village. With Mrs. Atkinson is "Prince", noted war dog, pictured in The Sun last week.

From Guadalajara, Mexico, comes a card from Madge Rocks, local realtor, now in the southern republic on vacation. Wish you could see the wonderful tropical fruits, everything you can imagine. Will be back in the Village soon," she wrote.

Mr. and Mrs. W. C. Chedec of Berkeley and Palm Springs have occupied their new home on El Alameda and are now entertaining Mrs. Chedec's sister, Mrs. H. H. Hennington, of Omaha, Neb.

The Rev. Stewart MacLennan, former pastor of the Hollywood Presbyterian church, was a visitor in Palm Springs last Sunday with Dr. J. R. Macartney, pastor of the Community church here.

Mr. and Mrs. George Collard of Pittsburgh were guests of Dr. and Mrs. J. R. Macartney last week. Mr. Collard is treasurer of the First Presbyterian church of Pittsburgh of which the Rev. Clarence E. Macartney, brother of the local minister, is pastor.

committee provided a delightful tea hour.

Serving on the hospitality committee were Mrs. Horace Pendry, Mrs. Enid Armstrong, and Mrs. H. L. Hansen.

Near the Arctic Circle, there are times when the moon actually rises earlier than on the preceding night.

## New Yorkers Honor Guests at Party and Dance

The Palm Springs Tennis Club was the setting for an outstanding cocktail party and dinner dance Sunday night when Mrs. Stewart Hopps entertained. Honored guests were Mr. and Mrs. Jack Kriender and Peter Kriender, owners of the famed 21 Club in New York.

Prior to the dinner dance a beautifully appointed cocktail party was given in the Lanai Room of the Club.

DUE TO BUSINESS in New York, Mr. Hopps was unable to be back in the Village in time to join his guests. Present with Mrs. Hopps were Mr. and Mrs. Travis Rogers, Mr. and Mrs. William Gargan, Raymond Loewy, Mr. and Mrs. Claude Vateur (Ruth Robertson), Mr. and Mrs. Jack Kenaston, Mr. and Mrs. Paul Brown, Mr. and Mrs. Frank Bogert, Mr. and Mrs. Irving Netcher, Mr. and Mrs. Ed Silverman, Mr. and Mrs. William Bassachis of Cleveland, Mr. and Mrs. Barney Hinkle, Mrs. J. E. Reinhold, Dorothy Gray, R. Ferrari, Peter Stackpole, Jack Boyer and the guests of honor.

During the merry evening a western note was added to the occasion when the guests joined in the popular western dance "Put Your Little Foot", and in a Paul Jones which was called by popular Trav Rogers.

## William Malouf Home Scene of Several Parties

The presence of houseguests at the home of Mr. and Mrs. William Malouf was the incentive for several parties this weekend.

Guests of Mr. and Mrs. Malouf were Mr. and Mrs. Walter Johns, Mr. and Mrs. Richard Winans, Mrs. Blanche Bagnall, and Charles Bedeaux, all of Los Angeles.

Saturday night Mr. and Mrs. Malouf bid a group of their friends to a cocktail party at their home, followed by a dinner at the Tennis Club.

Present for the dinner were the houseguests, Mr. and Mrs. Johns, Mr. and Mrs. Richard Winans, Mrs. Bagnall, Mr. Bedeaux, Mr. and Mrs. Paul Belding and Miss Marjorie Pohl.

Among the guests gathered at the Malouf home earlier in the evening for cocktails were Mr. and Mrs. Robert Ransom, Mr. and Mrs. Kenneth Kirk, Mr. and Mrs. Ben Gayle, Captain and Mrs. Tom Ashcraft and Mr. and Mrs. Lee Bering.

A. E. Stover leaves Saturday for his home in Michigan after spending the winter with his daughter and son-in-law, Mr. and Mrs. Thomas Ackley, on North First street.

# DON CABALLERO

SUNDAY EVENING at the Tennis Club Mrs. Stuart Hopps entertained at dinner a group of visitors and residents of Palm Springs who have long been friends, although coming from all parts of the United States. Those present were Trav and Willie Rogers, Bill and Mary Gargan, Claude and Ruth Veleur, Raymond Loewy, Jack and Helen Keniston, Paul and Aloha Brown, Frank and Janice Bogert, Doris Netcher, Barney and Barbara Hinkle, Jack and Louisa Kriender, Pete Kriender, the Ed Slivers, the Bill Bassachis, Peter Stackpole, and Mrs. J. E. Rhinehold.

MR. AND MRS. WILLIAM Malouf entertained at cocktails Sunday evening at their beautiful home on Via Las Palmas. Among those present were Mr. and Mrs. H. L. Green who are their houseguests, Mr. and Mrs. Walter Johns, Mr. and Mrs. Dick Wyman, Mr. and Mrs. Paul Belding, Mrs. Blanche Bagnall and her son Charles Bedeaux.

AT THE BOMBAY Monday evening Alexander Bailey and his daughter Mrs. William Ripley entertained Dr. and Mrs. Robert Beach of Tacoma, Mr. and Mrs. Lewis Davenport of Spokane, Mr. and Mrs. Carl Stolley also of Spokane, and Mrs. Louise Hill of St. Paul.

DINING at the Bombay last week were Dr. and Mrs. Joseph D'Alessio and Dr. and Mrs. John Von Paigen of Santa Barbara. Also Mr. and Mrs. Newt Hotchkiss and Mr. and Mrs. Van Bailey. Mr. Bailey was Palm Springs' original architect.

SEEN at the Doll House were Mr. and Mrs. Ted Reed chatting with Barney Hinkle and Harry Dart, Mr. and Mrs. Genee Hughes, owners of the Palm House, Willard Geib, Jack Fowler and John Fareed, Basil

Brewer and Virginia Cross, Margaret Roach, Judd Downing, Mr. and Mrs. Sam Stewart with Mr. and Mrs. Leo Baker, and Joan Leslie, Ann Southern and Robert Sterling.

ON TUESDAY EVENING Mr. and Mrs. F. C. Dougherty entertained at the Tennis Club prior to their leaving for an extended trip to South America. Their guests included Mr. and Mrs. Fred McNear of San Francisco, Mr. and Mrs. James Kemper, Mr. and Mrs. Hathaway Kemper, Mr. and Mrs. John Gallois, Mrs. J. W. Robinson, Ralph Young, and Mr. and Mrs. Nat Milnor.

GUESTS at the Racquet Club include Mr. and Mrs. Fernand Leval of New York, Fefe Ferry of Hollywood, Miss Betty Betz of New York, Mr. and Mrs. Larry Doheny and Mr. and Mrs. Hal Booth of Beverly Hills, the Leonard Florsheims of Chicago, and those aviation enthusiasts Sterling Edwards and Clark (Please Turn to Page Eleven)

Palm Canyon Frontage: 4 lots on corner facing three streets. \$6000 each. Make offer. Owner must sell. Fine location for court.

Three-bedroom home with large playroom. Artistically furnished. An unusually nice home at reduced price of \$21,500. Must be seen to be appreciated.

From where I sit ... by Joe Marsh

**A Definition  
of Our Town**

Somebody defined our town just the other day as "A place where the people talk about you behind your back, and come to wait on you when you're sick."

I've got to admit there's something to it. A lot of our folks are inclined to be pretty outspoken and quick to criticize ... even about little things, like a woman's hat, or a man's preference for a glass of beer, or the color of Cy Hartman's new barn.

But when anyone's in trouble, those differences and points of

criticism are forgotten ... and folks become neighborly and helpful, like they really are.

From where I sit, criticism never did much harm to anybody, so long as folks don't let it guide their actions ... so long as they respect our individual preferences, whether they apply to hats or beer. That's the way it is in our town, anyway, and I hope that it's the same in yours.

*Joe Marsh*

GAGGING IT UP—Jack Benny and his writers are down here at El Rasado, soaking up sunshine, enjoying the pool and fixing up their coming shows. Shown above are Joannette Eyemann, secretary; George Balzer, Jack Benny, Milt Josefsberg and Sam Perrin. The last time they were here, last season, the writers came out with "Pickle in the Middle." (Desert Camera Shop photo.)

## Woman's Club to Stage Card Party to Aid Girl Scouts

The annual card and bingo party for the benefit of the Girl Scouts will be given under the auspices of the Palm Springs Woman's club on Monday March 10 at 12:30 o'clock at the club house.

It is hoped to raise the balance of the money pledged to the Girl Scouts, and sufficient money to pay for the fireproofing of the draperies in the club house.

THE DRAPERIES had to be fireproofed before the fire department would permit the use of the club house for rehearsals by the Village Insanities. The success of this party, therefore, is on the list of civic duties for all members.

A delicious dessert will be served at 12:30, followed by cards or bingo as the individual desires. A prize will be provided for each bridge table, and several beautiful door prizes have been donated.

ADDED FUN and interest will be at hand in the Grab Bag—lovely gifts at 25c and 50c.

Tickets for this party are \$1.25, and can be obtained by calling Mrs. Gordon Clarke, 4412, or Mrs. Herschel Moseley, 4563, or at the club on Monday.

## Deep Well Ranch Scene of Weekly Gray Ladies Event

Deep Well Guest Ranch was the locale of this week's Gray Ladies party for invalid patients from Norco hospital near Corona. Each Tuesday the local Gray Ladies corps entertains a group of patients from that naval hospital.

Mr. and Mrs. Frank Bennett of Deep Well were hosts to twelve men from the hospital, motor corps drivers and the accompanying Red Cross worker, including Mrs. Lauritz Hansen, chairman of the Gray Ladies corps here.

Mr. and Mrs. Bennett were most gracious hosts at a buffet luncheon served around the swimming pool. Lated those able to swim and go horseback riding, were permitted to do so.

An invitation was extended to the Red Cross by Deep Well that the ranch would be happy to entertain similar groups each Tuesday for the next few weeks.

The decent existence of each of us on earth almost certainly rests upon how well the American who learns his lesson succeeds in his turn in teaching it. — Philip E. Kennedy, Oak Ridge, Tenn., high school teacher.

Automobile manufacturers may equip new cars delivered after December 16 with spare tires. Murmurs the skeptical one — "What new cars?"

## Western Air Host To Prize Winners

Mrs. J. C. Stone, Berkeley and daughter Mrs. Harry D. Bell, Santa Monica, are two lucky persons.

The two are enjoying Palm Springs, the sun and all the sights of the desert here and are staying at the Desert Inn, as guests of the Western Air Lines as result of winning a contest at a Junior League follies, held in Oakland as a benefit for the Children's hospital of that city.

They flew down here from Oakland aboard a WAL ship last Sunday and are scheduled to return on the last flight out of Palm Springs next Sunday evening.

Springs, will make a visit to Hartford.

DISTINGUISHED visitor, expected soon in Palm Springs, is Mrs. George Kavanaugh, internationally known social leader and active patron of the arts.

After a stay here, she will go to Los Angeles where plans are being discussed for her entertainment by social leaders.

"...I do not believe any business, particularly in a growing State like California, can intelligently make a budget three years in advance. Neither can the Legislature, intelligently and fairly, appropriate money more than two years in advance."

GOVERNOR EARL WARREN \*  
October 8, 1946

# YES,

## THE OIL INDUSTRY BELIEVES IN...

**SUPER HIGHWAYS**

**SAFE HIGHWAYS**

**GOOD ROADS AND MAINTENANCE**

**BUT..**

It isn't necessary to increase the State gasoline tax NOW to accomplish this program.

All major improvements in California highways for the next four years, including the next fiscal year, can be financed out of available revenues and still leave a surplus in the State Treasury. This has been shown by figures furnished by competent highway engineers.

The advocates of an immediate increase in the State gasoline tax base their arguments on a 14-YEAR STATE HIGHWAY PROGRAM.

No one can intelligently predict a State's needs that far in advance (see press statement above).

So, before the State increases the gas tax—thereby stockpiling additional millions of YOUR MONEY—we believe that the State should show you that a specific need for your money exists NOW.

**YOU HAVE A RIGHT TO KNOW.**

Right now the California Legislature is considering this increase.

### WHAT YOU CAN DO:

Write NOW to your Assemblyman and Senator telling them you want to know more about the need for your money before your gas tax is increased! A penny postcard will do it. Do it now, while you're thinking about it!

\* Statement accredited to Governor Warren in the press of October 9, 1946, supporting annual sessions of the Legislature.

# Palm Springs High School Smoke Signal

## High School Cast Scores Big Hit With "Pinafore"

By CONI TILGHMAN

"H.M.S. Pinafore," by Gilbert and Sullivan was given before an exceptionally responsive audience Friday evening February 28, in the Plaza Theater. The difficult operetta was performed extremely well as a result of the combined efforts of Palm Springs high school students and faculty. Don Whitehead's interpretation of the lowly sailor, Ralph Rackstraw showed much work and was done very well. The high tenor part was handled with ease. Mary Louise Klug's lovely soprano voice blended well with Whitehead's, to put over their parts.

EDWARD STINSON as the egotistical Sir Joseph Porter seemed well cast. The dynamic Captain Corcoran portrayed by Jim Searles, seemed a perfect opposite to Porter.

Two minor rolls which stood out were that of the crabby, pessimistic old sea-dog Dick Deadeye, by Craig Hammond and, Patricia Flowers' performance as Sir Joseph's cousin, Buttercup, Betty Wright, showed talent. Her voice was quite mature at times.

THE FACULTY directors, Alexander and Wynne Hammond, Irving Sussman and Gustave Patzner were well pleased with the affair. "We all appreciate the time and effort that has been given by all," Mr. Hammond remarked. "We had a fine group with which to work," he went on to say.

The proceeds from the operetta were to be used to purchase band uniforms for the school group.

## Band Uniform Contest Open to Students

A contest to obtain a practical, as well as distinctive, band uniform has been opened to all students of P.S.H.S. A cash prize of \$15 will be awarded for the best design submitted.

Dr. E. E. Oertel has opened the contest to students as well as members of the band in order to promote interest in this school activity. "Designs following Indian, western, Spanish, or other original themes will be acceptable," he remarked.

Rules for the contest are that the sketches should be in color and that they should be handed in at the office by Friday, March 14.

Plans now are to have the uniforms tailored in three sizes and ready for use at the first football game of the 1947-48 school year.

## Editorial

### WORKING TOGETHER

In many communities the school is set apart from the community and its existence is practically ignored by the people of the community except maybe once each year when the school puts on some program. The people in this type of community do not support the school nor the community. One look at the school of a town usually shows the type of interest shown in it, the once-a-year kind, or the interest toward the school is quite easily recognized. The school is usually an old brown dilapidated building used to deposit children in about six hours every day. It offers little or nothing to the city, the students show little interest in the activities of the town and their enthusiasm is equally reflected by the adults toward the school. No pride is shown toward the school nor little shame for there is simply no interest.

In this type of surroundings the school is certainly not a credit to the community and it does not share in the aspirations of growth of the town. A friendly association between businessmen and townspeople with student and teacher certainly does not exist. It is with pride that the citizens of Palm Springs can look at their schools and their students and honestly say that this condition does not exist here. It does not exist and will not exist later on, since the people of this community have insured a safe future for the local schools by voting on the bond issues just passed.

Youth and adults alike take pride in the present school buildings and can continue doing so in the future as the bond issue insures to the people that school buildings built in the future will continue to be built with the same high standards of construction and design that have been followed in the past. Since they have wisely allocated funds for the cost of these buildings that will be paid in taxes over a long period of time, not at the time of construction.

There is much evidence shown of adult support for school and youth activities. Local businessmen have strongly supported the advertising campaign for funds to aid in defraying publishing costs of the high school annual, "Chia." The strong public support of the drive the youth conducted on their own to raise funds for the Youth Center is also evidence of the local public interest in school and youth activities.

Palm Springs' youth are aware of the interest shown in them by the adults of the town and realize the value and importance of the many contributions they have made in their interest. We feel that their appreciation will be returned by a friendly association

## Track Prospects Not So Rosy Says Coach Thompson

The Palm Springs High track season is not due to open with much of a bang this year, according to Coach M. Thompson. The Varsity boys seem to be just lukewarm about going out. Coach Thompson says the varsity track group is well trained, and that most of the boys have a lot of ability, but they just don't care about track.

In the B group, the coach has better prospects, and although he doesn't know as yet just who will be out, he expects to see Bob Singlyn, Connie Nelson, and Chuck Blackhart running sprints, with Holderman doing some fancy vaulting.

### THE SEASONAL track schedule is as follows:

March 6—Inter-class (2-4 days).  
March 14—Redlands invitation-al.

March 21—P. S. H. S. Relays.  
March 26—Dual meets begin.  
April 26—Chaffey invitational.  
May 3—R. C. L. track meet.  
May 10—Divisional track meet.  
May 17—Southern California.  
May 24—Unscheduled.  
May 31—State finals Pasadena Rose Bowl.

Sign-ups will be held March 3, and training should officially start March 4, during all physical education class, the coach advises.

## Home Economics Classes To Have Better Set-Up

On Wednesday of this week the cafeteria will move to the new building. The Home Economics classes will have more space for laboratory work now that the cooking program, under the direction of Miss Margaret Mickel, is about to begin. This will make possible the building of a far stronger program than has been possible heretofore, according to Miss Mickel. Having the cafeteria and cooking classes in the same room caused a crowded condition which seriously curtailed the girls' cooking class work.

Miss Mickel hopes to start the classes with the fundamentals of cooking, both old and new methods, and finally to teach the complete method of preparation for luncheons. The girls then may prepare and serve complete luncheons and teas, observing carefully the vitamin and calorie content of all foods.

## Tennis Hopes at High School Are High Is Report

Bright prospects for the Palm Springs High Tennis team are held by its coach, Mr. John Weeks. Returning veterans and many likely-looking prospects give Mr. Weeks a good foundation for his optimism. Don Williams, No. 1 player, and Tom Archer, No. 5 player last year, plus the return of the entire girls' team, are expected to carry the school over all opposition this year. Elimination on the ladder will begin March 10, at the end of which six boys and six girls will be chosen to represent Palm Springs. Conference games will be held with all schools in this district soon.

with the town and a closer and greater interest in it, accepting the problems that face the community as being theirs as well as those of their parents.

## Largest Senior Class Prepares for Graduation

The largest graduating class in the history of the school, numbering approximately 60, will leave P. S. H. S. in May.

These students, under the direction of their class adviser, Mrs. Katherine Martin, are having their measurements taken this week for their caps and gowns for graduation.

Mrs. Martin has appointed Barbara Croft and Mary Mitchell to attend to the business of taking measurements during activity period. The class secretary, Jeanette Ofstun, is taking the students' orders for announcements cards to be sent out by the seniors near the closing of the school year.

## High School Smoke Signal

### Gazoozit

By LOLO

Well here comes our little column of discord and dissidence again, so sit back calmly one and all and bear your fate like a man. The age of popularity for worms is slowly passing into the past.

And because worms crawl I am suddenly reminded of poor Herb Menel who swears (not purely a figure of speech) that if he had crawled home from India the other day he would have made it faster than he did in his car.

**FORGETTING** Herb's car and all other broken down objects; 'tis time indeed to say something about the operetta. Well, the whole thing was really a success. Whitehead (Ralph), with his soulful eyes and swoon-inspiring warbling, Mary Louise (Josephine) with her fine voice and yearning heart, Betty Wright (Buttercup) with her fluttering eye lashes, Jim Searles (the captain) with his thunderous personality, Ed Stenton (the ruler of the Queen's Navy) with his remarkable conceit, and all of the others were really terrific. The whole thing very definitely called for a celebration so Ed Ewart threw a fine big party with almost the entire cast guests and others to boot (also shoe). Ah, yes, indeed! And there we found Dora Taylor and Don Whitehead, Virginia Miller and Chuck St. George (thump! thump!). Barbara Croft and Tom Arlene and Lopez, Ellsworth and Eddie, Audrey and Searles, Mary Louise and Hoover, Barbara Beeton and Carey, Joan Henderson and Carlen, Sally and Don Wieno, Boyde, Galzy, J. R., and last on the list but not least on the list, Mr. and Mrs. Hammond, Mrs. Kiley and also Mr. Remy.

Mrs. Kiley and Mr. Remy put on a regular floor show for every one when they did the Charleston. The party was a great success and so milling was the crowd, so great the throng that some dancers thought of donning suction cups on their feet so as to dance on the ceiling, handsomely in fly-like manner.

**OTHER DATES** for the evening, for some strange reason, didn't make their way to the

party but didn't miss the operetta. Causing many little ohs and ahs issuing forth from all gossip corners were Carol Hagen and Bob Fern. And guess who Red Tompkins was out with. 'Twas his old girl friend of the days of yore, Judy Bell Spaulding. Perhaps they are walking once again through the lane of love. Ah what essence of drama.

Saturday, so go the reports, a gay old time was had by all. When some of the kiddies went roaming up into Andreas Canyon. Floeting gaily about were Jackie and Phil Borden, Connie and Nicki, Ann and Tommy, Marlene and Don DuBose, Barbara Jones and Bill Lawrence, Donella and Conrad, Ben Chaffey, Elaine and Norman. Mrs. Borden came along and she and Don kept busy with the cameras. They even tried to snap some gems in the line of photography of Phil and Nicki with their super colossal dives. Tommy also ended in the briney deep.

**THE GALS**, as ever, with their generous souls and kind hearts, overestimated the fella's tummy capacity and all the way home were kept busy eating their own cooking, a fate worse, by far, than death. Being a jack of all trades and a topper in all talents and also an exhibitionist at heart, Phil Borden tired of his dives from lofty places and began to climb quick like a bunny but in the style of the mountain goat to even loftier spots. Everyone was gnawing frantically at their finger nails clear down to their knuckles in anxiety but being as he is a Borden, and no doubt a friend of Elsie, the Borden cow, he came down nearer sea level with one or more bounding leaps, still alive.

And in the words of the not so immortal Ann Wells, "We ended a perfect day by going to Palm Canyon and having our pictures taken by the man with the magic (abra-ka-dabra) box."

**SATURDAY NIGHT**, to the delight of everyone, the great unmentionable sent out telepathic rays or magnetic impulses or something. Anyhow a party was there with your friends and mine sprawled here and there and to and fro. Of course there was Jeanette and Johnny, but that is, as we used to say in the old country, taken for granted.

Now we will go on to the couples who might be a little more of news. There was Dawn and Jackson, Virginia Miller and Kilroy, a notorious personage who was there, and several others. But as staggs seem to be the style and fad the lone howlers for the night were Bob Fern, Wieno and a few others of those who never miss a party at the unmentionables. Nothing remarkable, spectacular, or out of this world occurred, darn it. I suppose if I were a more imaginative character I would tell a lie and think of something duper-dramatic but remember, George Washington cut down the cherry tree.

Another little dig over the week-end was Vicki Matoliff's party. Party participants were Jim and Nancy, Flavin and Mable, Wally and Marlene, Barbara Jones and Don Miller, Dixie, Stone (minus Sandy) Pendry, and Adele. The gang monopolized "Music for the Party" with all their requests and Vicki had the time of twenty peoples' lives dancing all by her lonesome to T.D.'s boogie woogie de luxe. These gifted people!

Saturday night, Barbara Beeton was out with her man of the hour and practically every other hour, Ross.

**WHAT HO!!** This masty person (meaning me) forgot two notables last week's list. Coni and K. K. have been going as steady as possible for precisely nine months. Off our royal steady list are Glenn Miller and Elaine. It all happened under the most friendly conditions. Elaine simply passed Glen back his bracelet in class, no strings attached (only a chain) and that wrote finish to their little love affair. And some-

## Battle of Green Against Blue to End at P.S.H.S.

Green and blue, separately, are universally popular colors, but only Nature can blend them so that, jointly, they evoke the approving glance of the artist.

The green-blue color combination in the exterior finish of the Palm Springs high school which has provoked so much controversy during recent years is finally to disappear. The decision to abandon this color scheme was made this week by board members when they were confronted with the problem of selecting colors for the outside painting of the new south unit on the high school campus.

**THEY DECIDED** that the new building should not have green doors and trim and a blue dado. Instead, they came to the conclusion that the doors and trim should be dark blue and the dado a lighter blue. Thus, the new building will be predominately Spanish white with white tile roof and trim in two shades of blue. Board members agreed, moreover, that the old buildings should be decorated in the same color combination as the new.

The doors and trim on the new south unit are already painted with their prescribed coats of blue. The doors on the old building facing Ramon still carry their provocative green coloration, but it is understood that their challenge to esthetic sensibilities will soon be obliterated, thus ending forever the argument as to whether the blue and green of the high school south facade are supplementary, complimentary, "swanky" or just plain outlandish.

## Staff Chosen for New Semester for H. S. Smoke Signals

Dr. E. E. Oertel who is serving as adviser to the Smoke Signals staff this year announced this week that the following students had been appointed to work on the staff for the second semester of the school year 1946-47:

Editor, Coni Tilghman; asst. editor, Ralph Woodward; bus. mgr., Jill Norris; feature editor, Dolores Vallier; sports editor, Herb Mennel; photographer, Jim Carlin; reporters: Barbara Beeton, Bill Emery, Warren Emery, Bob Flavin and Tony Jupe.

thing like 24 hours later Glenn was going steady again with a girl in Pasadena. You can't call him slow. No hearts were broken, no spirits crushed, the perfect ending.

Just ask Candi, Jeanette, Bonnie Sue, and Virginia about their little experience in L. T. the other afternoon. This life and then the next! And speaking of L. T. all you have to do is say the word "smoke" to Candi and she flops over in nervous prostrations. And if you were to tell you your name was Jake she would probably say "Goodbye cruel world and end it all." It was those two boys from North Hollywood.

Now your favorite famous writer, and mine, is growing weary from such heavy exertion as this so will abbreviate my conclusion this time to two little words, or rather should I say, one little word repeated twice. Yuk! Yuk!

## Episcopal Church Lenten Services Are Announced

The Rev. Robert M. Hogarth will preach Sunday morning in the Episcopal church on "God Giveth the Increase."

It isn't the popular parson's church, nor the leading layman's church, however conspicuous they are for good works. Unless God had given the increase of spiritual gifts, there'd have been no church there," Rev. Hogarth said.

Lenten services in the Episcopal church this week are on Tuesday, 10 a.m., Holy Communion and meditation on "Responsibility III: To Divine Truth As Revealed to Us," and Thursday, 3 p.m., Lenten tea, with Litany and address on "The Relevance of the Bible" by Mrs. James E. Kirk, 335 West Camino del Norte. Social hour will follow. Visitors are always welcome.

The Confirmation classes meet as follows in the church: Juniors on Wednesday at 4 p.m.; Adults on Fridays at 7:30 p.m.; High school on Sundays at 7 p.m., in connection with the Young People's Fellowship.

## Aid for Stricken Countries Given By Local Church

Aid for the stricken countries of Europe was launched this week by children of the Community church and by the Community Circle.

Easter Savings boxes were distributed in Sunday school last Sunday. The offerings which will be returned by the children Easter will be devoted to relief of suffering in war ridden countries.

The Community Circle has ready for shipment to fields in Japan, China and the Philippines, four boxes of baby food and a large carton of dresses and garments.

The sewing circle meets each Wednesday from 10:30 to 3:30 to sew for charity. Members bring their own sandwiches and coffee is served by the church. A brief devotional is conducted by Dr. J. R. Macartney at the noon hour.

## Hour of Music Planned Monday by Church Choir

The Chancel Society of St. Paul's in the Desert, Episcopal church, will present an hour of music by the Burke Octette Monday, March 12, at the home of Mr. and Mrs. John Lapp.

The Octette is under the direction of John Burke. Invitations for the outstanding musical event were in the mails today.

The hour is 4:30 o'clock Monday afternoon. Voluntary contributions for the church's Sunday School building fund will be accepted.

One of these talented young singers is Mrs. Earl R. Peterson, daughter of Mrs. Frank S. Roberts, directress of the Chancel Society.

These girl singers, under the direction of John Burke (director of music at the First Baptist church in Los Angeles) have gained quite a following in the metropolitan area; they were formerly known as the St. Francis Singers.

Patronesses for this affair are Mrs. Louis W. Hill, Mrs. Fred M. Carter, Mrs. Raymond R. Wilson, and Mrs. H. Earl Hoover.

## C. E. Societies Stage Contest

An attendance contest is being conducted by the two Christian Endeavor societies of Community church. The groups meet at 6:30 Sunday evenings. The Rev. James Blackstone is leader of one group and Beverly Ransom the leader of the other.

The contest, which will continue through March, is based on attendance at the 7:30 Sunday evening services of the church.

## Music Features Church Services

Under direction of Holly Lash Visel, director of music for Community church, choir music has been an exceptional feature at services there.

The Blue Nightingales and Junior Singers are again back at full strength and their singing is being highly enjoyed.

Last Sunday night the high school or chapel choir, provided the music which was especially delightful.

See these 3 R-3 lots. Build your court on 300 ft. frontage by 128 ft. depth. Facing mountains and sunshine.

Wednesday Meeting—8 p.m., (Woman's Club House)  
Sunday School—9:30 a.m., 271 Ocotillo Avenue.  
The Reading Room at 271 Ocotillo Avenue is open daily except Sundays and holidays from 2 to 4.

## Christian Science Lesson Text 'Man'

The Golden Text of the Sunday Lesson—Sermon on "Man" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, is chosen from Romans, "As many as are led by the Spirit of God, they are the sons of God."

It is recorded in Matthew's Gospel that "one came and said unto Jesus, 'Good Master, what good thing shall I do that I may have eternal life?' And he said unto him, 'Why callest thou me good? there is none good but one, that is, God; but if thou wilt enter into life, keep the commandments. . . . The young man saith unto him, 'All these things have I kept from my youth up: what lack I yet?' Jesus said unto him, 'If thou wilt be perfect, go and sell that thou hast, and give to the poor, and thou shalt have treasure in heaven; and come and follow me.'"

In the Christian Science textbook, "Science and Health with Key to the Scriptures," Mary Baker Eddy writes:

"We cannot 'serve two masters.' 'Having no other gods, turning to no other but the one perfect Mind to guide him, man is the likeness of God, pure and eternal, having that Mind which was also in Christ.'"

# THE BEST BUYS in Real Estate Today

The present pressing need of housing in Palm Springs is acute. We believe that the downward trend in building costs (we have a builder who will contract at \$8.50 per square foot) makes R-2, R-3 or R-4 lots the **BEST BUYS**. You can build two units on an R-2 lot, multiple units on R-3, and hotels on R-4.

## Pick Your Lot from This List:

R-4—Palm Highlands	305 x 270	\$35,000
R-4—Palm Highlands	105 x 100	8,000
R-3—Merito Vista	75 x 146	15,500
R-3—Palm Springs Village	100 x 128	6,000
R-3—Peveler	100 x 137	20,000
C-1—Palm Canyon Drive	25 x 100	16,000
R-3—Del Deserito	105 x 105	6,000

## RESIDENTIAL LOTS

Winterhaven Manor	60 x 106	\$ 2,250
Little Tuscany	140 x 195	7,500
Palm Highlands	75 x 100	2,500
Tahquitz Park	100 x 100	8,000
El Mirador Estates	120 x 135	5,750

## RANCH PROPERTY

Near B-Bar-H Ranch, 22 acres, 5-room house, well and pump, electric light plant, 2-car garage, suitable for guest ranch or chicken ranch. Terms, \$13,500.

## INCOME PROPERTY

Indian Avenue property, 6 bedrooms, 4 baths, furnished rentals. Large lot, 230x137. Shows good income. Terms, \$90,000.

Bungalow Court, close in, 14 rentals. \$20,000 yearly income. \$45,000 handles. Terms on balance.

Duplex—living room, bedroom, bath, kitchen, each side. Rented to June 1st unfurnished. Room for 3 more units. \$8000 handles—Terms on balance.

Duplex—5 rentals. Monthly income \$500. Apartment for owner. Close in. \$20,000 handles.

## HOMES

Cozy 3-bedroom, 3-bath home, nicely furnished, piano, radio, fireplace. On paved street, in choice neighborhood. \$25,000.

We have homes from \$14,500 to \$80,000. Come in and tell us your housing wants and we will take care of them.

## New Well Brought in at Morongo is Amazing Project

E. A. Tinch, realtor-subdivider of Morongo Granjas located in the Morongo Valley just 18 miles north of Palm Springs, announced this week the water well brought in 10 days ago on site of his development continues to amaze valley residents and visitors alike.

Tested by engineers two days ago the well was producing 350 gallons of water per minute and the end is not yet in sight, Tinch said.

"THIS WILL be the beginning of a new era of development in this area," the well known realtor said, adding "and residents of Morongo Valley can well look forward to more and abundant supply of water in the very near future."

Tinch has constructed a 10,000 gallon all-steel reservoir on the grounds and over a mile of six and four inch cast-iron pipe is on hand ready to be installed as soon as all bids are received for the work.

MORONGO VALLEY is possessed of an all-year round climate and medical doctors have adjudged the area to be extremely healthy especially for the treatment of rheumatic and asthmatic cases. There are many cases on record where residents of Morongo Valley have been cured or definitely improved following residence in this general area.

Sale of homesites in Morongo Granjas continues for desert residents and the general sale will not be announced to the greater Los Angeles public for another three weeks, Tinch said.

## Local Home Will be Feature in Life Issue Soon

Life goes to a party in Palm Springs at the home of Raymond Loewy. Mr. Loewy is to be the topic of an article soon to appear in Life magazine. Peter Stackpole was sent down from Los Angeles to photograph Mr. Loewy's home, and Saturday evening a group of guests were photographed around the pool and in the garden of the beautiful home in Little Tuscany.

Those present were Sally Eilers, Marusia Wilson, Lee Anderson, Jack and Eleanor Cushingham, Rosie and Irving Nether, Louisa and Jack Kriender, Connie Hilton of "Those" hotels, Barbara Brown, Betty Faye Smith, Bentley Ryan, Anita Colby and Skitch Henderson, Harriette Taylor, Mariadna Borden, Bruce Hubert of Mexico, Tony Burke, Charlie Farrell, Jane Randolph, and Richard Huber.

## Santa Fe Nurse Service Restored

Jay Rollman, local passenger agent for the Santa Fe, received word yesterday from C. C. Thompson, passenger traffic manager of that railroad, that courier nurse service has been reinstated on the El Capitan and the Scout.

The service was halted due to the war but is now on again in full force. The duties of these nurses, all of whom are registered graduate nurses, will be to render assistance to mothers traveling with children, to invalids or elderly passengers who may require assistance.

Many of the nurses are World War II veterans. Capitalism remains in only one or two countries. You must either accept a system of state intervention and controls or lose everything by way of communism.—President Juan Peron of Argentina.

## Keep America Solvent

By ETHEL GILLET WHITEHORN

The House of Representatives demands a reduction of six billion dollars from the President's budget. The Senate has voted for a four and a half billion reduction. Now, the argument is back in the House again and before a final settlement is reached, the people of this nation can depend on a sufficient number of Congressmen — both Republican and Jeffersonian Democrats—to throw out "squandermania", and place America on a solid economy bloc.

Never, in the many years I have been a student of Government research, have I read such bitter arguments as those which fill the pages of the Congressional Record today. On the one hand are those wild spenders who would continue to waste, if given the opportunity, every natural resource that has made America the strongest nation in the world. On the other are those protectors of America who, backed by the people, are determined to win the battle of economy.

THE SPENDERS are telling you that to reduce the budget \$6,000,000,000 will mean a crippled national defense. Congressman Halleck of Indiana has an answer for that one. This is his statement:

"How does one achieve a strong national defense? It is by giving to the Army and Navy the funds they need and must have to provide for an efficient Military and Navy establishment; but back of that, and as our great bulwark of defense, we must have a strong national defense or our strong, sound, efficient, productive economy. When we speak of a strong national defense or our national security, too many of us think simply in military terms, of men, tanks, guns, and ships. And I repeat: we shall make certain we have the finest military and naval machine in the world, prepared to meet any emergency.

"However, to do this, we must be strong financially. We must be able to support our military machine. The most elaborate plant with the most modern equipment and highly trained personnel, has little value if the company is bankrupt. So it is with a country whose productive power is burden with debts and weakened by taxes.

"DESTROY America's productive capacity with the fires of continued Government extravagance, and there will be no power on the face of the earth to preserve the peace."

Such a statement, by Congressman Halleck, cannot be carelessly shoved aside by any American worthy of the name. Nor can the following facts, all taken from the Congressional Record by overlooked:

1. In the five years beginning with the first of 1941 and ending with the close of 1945 our government spent more than twice as much money as it did in all the period from Washington's day down to 1941. And it must not be forgotten, we spent a terrific lot of money each and every

year since the New Deal took us over in 1933.

2. Today the national debt is \$259,000,000,000. If we were to pay this off at what we thought was the unheard-of record of a billion a year (The Republican method following World War I) it would take us 259 years to pay the debt.

3. SINCE 1933, the New Deal increased taxes 16 times—think of it, 16 times in 14 years.

4. There are 75 bureaus dealing with transportation. Why?

5. There are 12 retirement systems. Why?

6. There are 15 agencies dealing with public housing. Why? The best weapon, should weapons be needed in the future, is an America where freedom flourishes and incentive is preserved. America's Army and Navy cannot be strong and invulnerable without that weapon.

## Local NAA Group to Hear Talk and See Travel Movie

Palm Springs chapter of the National Aeronautic association will meet tonight at 7:30 o'clock in the Fiesta House on the Desert Inn grounds.

Mardo Crane, a former Wasp and writer for a national aviation magazine, will be the speaker.

Bill Ortwin, Western Air Lines manager here, will also be heard in a talk. He will show a travelogue of an airplane trip to Alaska.

The meeting is open to all who are interested in aviation, it was announced.

## Superior Court Convenes Here

Judge O. K. Morton, department two of Superior court, Riverside, conducted a child custody hearing in the Village Tuesday in the case of Pierce vs. Pierce. Reason for holding court in Palm Springs was to avoid hampering school sessions of the child involved in the legal controversy.

In addition to Judge Morton, H. Clay Begole, clerk; Miss Adis Sommers, reporter and Lester Bardin, bailiff, made the trip here. Attorneys in the case are Thompson and Colegate, representing the father of the child and Best, Best, and Babbert for the mother.

No child is born into the world to be bad or to be good. He is as bad or as good as we make it possible for him to be.—Judge Jacob Pankne of New York Domestic Relations Court.

more TRUCKS  
More Crews

SURE, we have trucks, old ones and a few new ones, but not enough . . . not nearly enough.

And because we haven't enough trucks, we haven't enough crews on outside construction . . . on cable and wire stringing, pole setting, cross arm placing, and telephone installing.

Our crews are on the go all day long and they require good transportation equipment to carry them, and their apparatus and supplies, from job to job.

When our new trucks (long on order) arrive, we will be able to do more outside work - and faster. More trucks, more crews.

## YOU NEED CHIROPRACTIC

If your health is below par—if your lungs, liver, kidney or other organs do not function normally.

There are some people who think that chiropractic is effective only when there is a pain in the back. They can understand that the brain controls all parts of the body—that their sight, hearing, feeling, etc., are results of proper nerve communication from the brain; but when there is an abnormal function in an organ that is remote from the brain—say the stomach, they immediately fall back upon theory and accuse the stomach of some wrong on its part and do not assign the trouble in that location to its true origin. Yet, every sensation in the entire body is an emanation from the brain.

If a trunk nerve is obstructed at the spine, normal functional activity and organic integrity cannot be maintained in the organ controlled by that trunk nerve, because the impulse from the brain is retarded.

Rheumatic fever, angina pectoris, colitis, neuritis and many other so-called diseases respond favorably to chiropractic, when properly administered. A chiropractor is not interested in the "disease," but the cause.

Consultation will place you under no obligation. Do not say that you have done everything until you have given chiropractic a fair chance. When the obstruction is removed from the nerves, the body is free to function. Try chiropractic and prove the reliability of this assertion.

**Strong Foreign Policy Is Nation's Need****Firm Stand Only  
Thing to Prevent  
Third World War**

By OLIVER B. JAYNES

What can we do to prevent a third world war?

This question was answered last Wednesday noon for Palm Springs Rotarians and fifty-seven guests by a man who was modest enough to say he didn't know all the answers but wise enough to know whereof he spoke.

As an American correspondent who covered all the European capitals—including Moscow—before the last war, Col. John Kenfield Morley witnessed the on-the-spot intrigues which swept Hitler, Mussolini and Laval into ruthless power and the world into another war. He served in that war with the FBI in charge of an intelligence and security unit, earning his commission.

WITH THIS close-contact background of world affairs that brought on the last war, Col. Morley told his listeners that he had come to these conclusions as to what America must do to prevent a third world war:  
1) Appeasement never brought peace. We must stop our wishy-washy foreign policy. We must stop Russia at the Dardanelles or she will Communize all of Europe; stop appeasing the British Empire which can no longer defend us; stop the Dutch in Java; stop the French in Indo China. We must stop our idealistic foreign policy before it is too late; we must learn to do some horse-trading.

2) We must drive out LEGAL espionage in this country. We should stop granting commercial visas to any foreign country which will not allow us the same number; issue visa for visa, passport for passport.

3) We must realize the potentialities of the atomic bomb. Atomic bombs can be made many times more powerful and by other countries. They will not be dropped from the sky but will be planted in strategic places well in advance to be set off at a given signal.

4) We must keep our chosen representatives informed of our thinking. This democracy is not ruled by a majority but by whatever group makes itself heard the most. We must write to our legislators and let them know what we think about these vital issues of the day.

5) We must give more attention to our educational program. The condition of our educational system in this country is a public scandal. Our teachers should be paid more.

6) We must sell America back to Americans. Our people must be made to realize that it is the little things about freedom that makes America great.

7) We must fight as hard to prevent a war as we do to win one.

COL. MORLEY described in eye-witness language the effect of "isms" on the once free-democratic peoples of Europe. He told of meeting Hitler and other power-politicians in 1931. The former correspondent warned

**40 New Members  
Join Museum, Says  
Director Smith**

Forty people became members of the Palm Springs Desert Museum last week in the current 1947 membership drive.

These persons were Mr. and Mrs. Alvin Untermyer, Herman Levine, Ellen Hopkins, Mr. and Mrs. Judson Osburn Jr., Mr. and Mrs. Sam F. Taylor, Dorothy Bear, Mrs. L. M. Brygger, Mr. Mrs. Earl Kennell, Mrs. Edgar Bridgman, Y. P. Rothwell, Katherine Finchy, Mrs. Scott M. Adams, Mr. and Mrs. James C. Geggie, R. D. Merrill, Warner S. Moon, The Town House, H. B. Glover, Mr. and Mrs. Culver Nichols, Mr. and Mrs. Al E. Hoover, Mr. and Mrs. Edward R. Bacon, Helen M. Clatworthy.

John W. Williams, Mrs. Mamie Showers, Florence A. San Juan, Mr. and Mrs. C. W. Larrison, Mr. and Mrs. L. C. Lewis, Mrs. Anna P. Reilly, Mr. and Mrs. Alex Bowker, Mr. and Mrs. H. E. Peterson, Mr. and Mrs. Will Peake, Mr. and Mrs. Clinton Bauer, Mr. and Mrs. Harry Mann, Mr. and Mrs. Lester Peck, Mr. and Mrs. Melvin C. Capper, Mr. and Mrs. John Hornel, Mr. and Mrs. Howard Koch, Mr. and Mrs. Winfield Line, Mr. and Mrs. Comdr. Knight, Mr. and Mrs. George B. Davies, Mr. and Mrs. Gordon E. Perkins, Mr. and Mrs. Herbert R. McFell, F. M. Fuller, and Mr. and Mrs. P. M. Swart.

"If you haven't yet taken out your 1947 membership, do so immediately, so that you will be sure of getting your free copy of the Second Annual Report," said Museum Director Lloyd Mason Smith. "Annual memberships range from five dollars upward, depending upon your budget and interest in supporting the Museum. The money from these is used to purchase films, reference books, cases, and exhibits, none of which can be obtained with the Community Chest money, which goes entirely for operating expenses and nothing else."

against espionage in the United States by foreign nations in peacetime as well as war.

Typical Morley quotations: "Everybody is in favor of the capitalistic system until they run out of capital" . . . No man can be a Communist until he has nothing to lose" . . . A Communist is nothing but a Socialist in a hurry" . . . "Some Americans put up the sign 'God Bless America'—and then leave it all to God."

COL. MORLEY spoke with sincerity and authority and his dramatic conclusion brought Rotarians to their feet for the greatest applause accorded a speaker this season. The chairman of the day, Tobey Curtis, was highly praised by his fellow Rotarians for an excellent program. The gathering was presided over by Harry Harper, president, who urged Rotarians to support the Red Cross campaign generously. The meeting at the Desert Inn this week marked the sixth anniversary of the establishment of the Rotary club in Palm Springs.

**Fish, Game Group  
Discusses Laws,  
Sees Bird Films**

A number of interesting measures were discussed when members of the Palm Springs Fish and Game Conservation society met Monday night at the fire hall.

President Harold Leinaw, recently re-elected president, presided at the session. Bills before the state legislature relating to conservation and fish and game matters were discussed and passed upon.

BIRD LIFE on the desert was the topic of C. N. Jupe, naturalist, who addressed the group. He has been studying bird life for years and showed three interesting colored movie films of humming birds in Palm Springs and in other southern California sections. The films were enjoyed by all members present.

At the meeting Monday night were many members from Desert Hot Springs who came here for the session.

DISCUSSION of formation of a new Inland Council of the Fish and Game society followed. Clint Bowers, secretary of the Palm Springs group was in San Bernardino Wednesday night to discuss formation of the council with representatives of other Fish and Game groups in Riverside and San Bernardino counties.

At present the southland groups are in the Southwest council, centered in Los Angeles.

PARTICIPATION in a display of the Fish and Game association at the National Orange show at San Bernardino was talked. The association plans to aid in the Forestry department conservation display.

Desert water holes, established by the local society, to aid in preserving of wild life, will probably be featured. It was decided not to ask that local streams be stocked until sufficient rains fall to guarantee protection of fish.

## Memorial Communion Set To Be Dedicated

Dedication of a new Memorial Communion Set will mark the morning service on March 23 at Community church, Dr. J. R. Macartney announced today.

"The Sacrament of the Lord's Supper will be celebrated at that time," he said.

The decent existence of each of us on earth almost certainly rests upon how well the American who learns his lesson succeeds in his turn in teaching it.

—Philip E. Kennedy, Oak Ridge, Tenn., high school teacher.

## Forty-Niner Days Celebration at Desert Hot Springs

The Southern California soap box racing championships will highlight the second annual "Forty-Niner Days" celebration at Desert Hot Springs, April 18, 19, 20.

American Legion and Veterans of Foreign Wars posts, chambers of commerce and business firms of the southland will be represented in the soap box derby, scheduled for Saturday afternoon, April 19. Any boy or girl under 18 may enter the races in one of our divisions, competing for several hundred dollars in cash and prizes.

Racing cars must be hand-made and equipped with at least one hand brake or foot brake, for the cars will gain considerable speed on the mile-long Desert Hot Springs course.

A reproduction of a '49ers saloon and gambling hall will be one of the features, as well as bingo, beards, costume parade, kangaroo court, western dances and carnival concessions.

The annual affair is sponsored by the Desert Hot Springs Improvement Association, Chamber of Commerce, American Legion and Veterans of Foreign Wars posts.

## NOTICE OF SALE

Torney General Hospital  
(Formerly El Mirador Hotel)  
Palm Springs, California

WAA W.F.-Calif. 68

The Public Buildings Administration of the Federal Works Agency hereby gives notice that it now has available under the Surplus Property Act of 1944 and War Assets Administration Regulation No. 5 as amended, the following real property and easement for sanitary sewer which have been declared surplus by the Government:

Parcel 1 (Tract 1) containing 27.87 acres on which is situated that property known throughout the war as the Torney General Hospital, containing an area of approximately 100 acres of land, on part of which site is situated improvements formerly known as the El Mirador Hotel, and which is offered for sale as follows:

the original hotel buildings and additional buildings constructed by the Government such as theater, gymnasium and other structures, but excluding the chapel which will be removed; and 22 acres of land known as the reservoir area, including 253 shares Whitewater Mutual Water Company. One of the buildings on this parcel is occupied by the Palm Springs Community Hospital under lease revocable at the will of the Secretary of War or the officer of the Government having jurisdiction over the property.

Parcel 2 (Tract 1) containing 17 acres located on Peterson Avenue at Indian Avenue and is contiguous to the lands of the original hotel.

The following parcels are located South of Tachevah Drive and the temporary buildings thereon will be removed to foundations. Underground sewer and other utilities not feasible to remove, as well as surface paving including streets, sidewalks, foundations, concrete floors and piers, will remain:

Parcel 3 (Tract 2) containing 40.10 acres;

Parcel 4 (Tract 1) containing 6.24 acres, including 14 shares Whitewater Mutual Water Company;

Parcel 5 (Tract 2) containing 1.24 acres, including 4 shares Whitewater Mutual Water Company;

Parcel 6 (Tract 3) containing 1.24 acres, including 4 shares Whitewater Mutual Water Company;

Parcel 7 (Tract 3d) containing 5 acres, including 12 shares Whitewater Mutual Water Company;

Parcel 8 (Tract 4) containing 1.24 acres, including 4 shares Whitewater Mutual Water Company;

Parcel 9 (Tract 5) containing 5 acres, including 10 shares Whitewater Mutual Water Company;

Parcel 10 (Tract 6) containing 2.49 acres, including 5 shares Whitewater Mutual Water Company;

Parcel 11 (Tract 7) containing 2.49 acres, including 2 shares Whitewater Mutual Water Company.

In addition to the foregoing there is also included in this disposal an easement for sanitary sewer installed, extending along Tamarisk Road, Avenida De Los Caballeros and Alejo Road.

All land areas given have been approximated in accordance with information available in office files and are subject to correction.

Terms and conditions of sale, required bid forms, and all necessary information concerning the property and method of exercising priorities and submitting bids, will be available on and after April 7, 1947 at the office of the undersigned between the hours of 8:00 A.M. and 4:30 P.M., Monday through Friday. Priorities: The property is subject to the following priorities in the order indicated—

1. Federal Government Agencies;
2. Reconstruction Finance Corporation (for resale to small business);
3. State and Local Governments;
4. Former owners;
5. Veterans, their spouse and children, in that order;
6. Non-profit institutions.

## Time and Method of Exercise:

The time for exercising priorities shall be as follows:

- (a) 1. Federal Government Agencies;
2. R. F. C. (for resale to small business);
3. State and Local Governments;

Ten (10) days beginning March 7, 1947 and ending March 17th, 1947 during which time offers must be received or written statements submitted of desire to acquire within a reasonable time as determined by the disposal agency, after information on price or other matters, not available at the office of the undersigned, is available at the office of the undersigned. This in accordance with Paragraph 8305, 11 (d) War Assets Administration Reg. 5, as amended, copy of which is available at the office of the undersigned to the above listed priority holders.

- (b) 4. Former Owners;
5. Veterans, their spouse and children, in that order;
6. Non-profit institutions;

Ninety (90) days beginning March 7th, 1947 and ending June 5th, 1947.

Persons not having a priority may also bid during this period.

EARL H. LUND  
Division Engineer  
Federal Works Agency  
Public Buildings Administration  
Room 838, 630 Sansome Street  
San Francisco 11, California.

## Cathedral City News Roundup

Reported by MARY R. WOLSETH

### 74 Chairs Bought for Town Hall by Cathedral Women

Seventy-four plywood chairs were purchased by the Woman's Club and presented to the Town Hall last week. The cost of the chairs, \$247.75, is being paid by the proceeds of the Christmas Bazaar. A cooler, and if the money holds out, some new tables, will also be given to add to community comfort.

It is felt by the women that as the church, Sunday school, Woman's club, all club meetings, Desert Museum pictures and large private parties hold their meetings in this building that anything presented to the hall is in the nature of a donation to each of the organizations.

For ten years the Chamber of Commerce met all the bills incurred by the use of the Town Hall and the total yearly expense without equipment came to more than \$300. This year nominal sums have been charged to each group using the building and the House Committee has been able to improve the kitchen facilities.

The sanding and waxing of the floor was paid by the elementary school board in lieu of rent when its classes were held there for three months. They also provided two good shaded drop lights and put a door at the end of the hall badly needed as a fire escape and to provide access to the patio in the rear which heretofore had to be entered through the kitchen.

### Final Word on Flood Control Said Due Soon

"The entire town is holding its breath waiting for final word on flood control action," said Bill Hillery when interviewed to ascertain how things were coming.

"We're working on it and the Indian Council in Palm Springs gave Max Bookmon the right of way without cost for the east channel of the project to pass over their land to the wash," he said.

Mr. Hillery also advised people to beware of the publicity being circulated by the Western Gas and Oil companies who are fighting the granting of an extra 3 cent tax on gasoline with which the new express highways throughout the state are to be built. The majority of the people want these highways and it is for the benefit of the whole state, he said.

### "Sez I"

By MARY WOLSETH

"There is more than enough work needing to be done in our town to keep three civic organizations busy all the time," sez L. C. Lewis, newly elected director in the Chamber of Commerce. "If the officers of the three groups will meet soon and correlate their programs for the coming year there need be no overlapping and each organization will act to strengthen the other and be a stimulus to committee chairmen."

### Mack Moore Named New President of Improvement Group

The Civic Improvement association held a meeting at the Town Hall and elected new officers. Mack Moore, president; Dr. Conser, vice-president; Mrs. Agnes Wilbor, corresponding secretary and secretary pro-tem; and Alex Bowker, treasurer.

Capt. George True, retiring president, gave a brief resume of the town survey findings and said that from the lists obtained, had been found enough members to make up the committees and give them something to begin working upon. The "Civic Club" has done its work in the past through committees picked at large from the community.

It was further voted to amend the by-law in which it says that only property owners shall be full voting members, to include all persons renting for a year or longer. The motion was passed after reading a letter from Mr. Al Sprague, a long term leaser, in which he stated that community improvement was close to the hearts of persons holding long term leases and urged that they be included as voting members.

The ladies of the Red Cross drive are out in full force this week and are reminding you that now the war is over there is still disaster and overseas work for the Red Cross to do which needs your voluntary subscription to carry on.

### Odors Cause of Many Protests

There has been much complaint over the burning of trash and sometimes even bad smelling articles which continues throughout the day. Agitation has been started to control this to the morning hours and it has been pointed out by Emil Greener that there is a state ordinance which forbids the burning of trash in open fires and that burning must be done in incinerators before 11 o'clock in the morning and then the smoldering extinguished. Residents are asked to be considerate of their neighbor's washing and their neighbor's comfort and follow the Golden Rule. Permits must be obtained from Fire Chief Gordon for open bonfires.

### Girl Scouts to Be Hostesses at Dinner Tonight

Girls and leaders of the three Cathedral City Scout Troops will give a dinner tonight, at 6:30, at the town hall for their parents and friends. This is a "get acquainted" affair in appreciation of the fine support given by the people of the community.

The Girl Scout cottage is now under construction on the southeast corner of the school grounds, under the supervision of Mhoon and Mhoon, contractors. The proceeds from the dinner will be used to buy material for the fireplace which Leonard Rogers has offered to build.

After the dinner, some of the girls will furnish a short entertainment and Troop 8, consisting of the 7th and 8th grade girls, the most recent to organize, will have their investiture ceremony. Following this, Lloyd Mason Smith, director of the Palm Springs Desert Museum, will show interesting motion pictures.

### Personals

The Arthur Petersons are popular people with their Idaho and Utah friends. Fishermen get together if it's only to talk about fishing says ex-Governor Charles R. Mabey of Utah, author of the Pony Express, a book of the old West which won recognition by the Poets of California in 1940. He and his friends, Dr. and Mrs. J. Edward Day of Salt Lake City have stopped off to visit Arthur, an old fishing pal, on their way home from a 3200 mile trip following the Mormon Battalion Route to Council Bluffs.

Mrs. Naida Clark accompanied Mrs. E. Meeker to Indio last Saturday to attend a meeting of the P.E.O. chapter at the home of Mrs. C. Nixon at the Government Date Experimental Station.

Cathedral is proud of its talented residents responsible for the excellently drilled "Pinafore"—Irving Sussman and Alex Hammond. How about a home talent community play next year?

The Girl Scout Hut is no longer a dream but an accomplished fact. It is painted pale rose to match the rest of the school buildings and the roof will be silver. Windows and frames have been given by the contractors, Mhoon and Mhoon, who have also given a great deal of time and work to the project. Prominent among the carpenters is Bob Phillips, a whirlwind with the hammer. So many more fathers helping to build a house for their girls to develop healthy interests and find happiness therein has thrilled the community to watch them. That we all want to help was shown in the

### Red Cross Drive Explained at Luncheon Rally

Mrs. Lolita Waller, chairman of the Red Cross for the Cathedral district, entertained fourteen ladies at luncheon at her attractive ranch home recently. Red Cross place cards were made by Miss Margaret Davidson, herself a Red Cross nurse.

Following the luncheon Mrs. Waller instructed those present in answering questions they might have to answer in the course of canvassing for the Red Cross drive. She gave out supplies to each and mapped the territory.

Most of the workers were Block Hostesses who have been working on the town survey.

donations of money and furnishings offered through the survey findings.

The board of directors of the Woman's Club met at the home of the president, Mrs. Lucy Abels, on Monday night and discussed plans for the potluck supper of March 5 and the Pioneer Ball, March 15. Hostesses for refreshments were the two secretaries, Mrs. Ethel Mhoon and Mrs. Dorothy Maddox.

Mary and Mack Moore have moved into their new home at last and are in the throes of settling. They will be glad to see their friends.

## HIDDEN SPRINGS RANCH

THOUSAND PALMS, CALIFORNIA

### THE NEW DESERT

OPENED BY THE NEW PAVED RAMON ROAD

10 Miles—15 Minutes by Straight Road to Palm Springs

A DEVELOPMENT BY THE CREATOR AND ORIGINAL OWNER OF THE SMOKE TREE RANCH

1200 Acres in Estates of 1, 2½, 5 and 10 Acres

The Largest Conservative Development in the Palm Springs District

### CHARACTERISTICS

Wind protected by the mountains. Well above the dust belt on the valley floor. Two hours more sunshine and less rain than in areas at the foot of the mountains. An eight-month season due to gentle breezes from San Geronio Pass winds in early fall and late spring. Adjoining a vast hinterland rich with hidden retreats and palmed oases. The rider's paradise of unfenced virgin desert. Freedom from truck noise and urban tempo. The sense of spaciousness and privacy without excessive isolation. Easy commuting distance from the shops, theatres and social life of Palm Springs City. In the low tax areas. Outside incorporated districts. Electricity, roads, and water piped to every estate site. Future All-American fresh well-pumped water for irrigation of ornamental landscaping. Rich soil, enabling small growths of dates, figs, citrus. Combined recreation use and a "lee to the windward." The modern method of strict architectural restriction on external design versus the old dollar control. Mixed-income groups without loss of homogeneity. Adequate character restrictions similar to the Emerald Bay (Laguna) mechanics. Elimination of all motel, auto court, and "business frontage" sites. A careful community planning and preservation of the desert atmosphere.

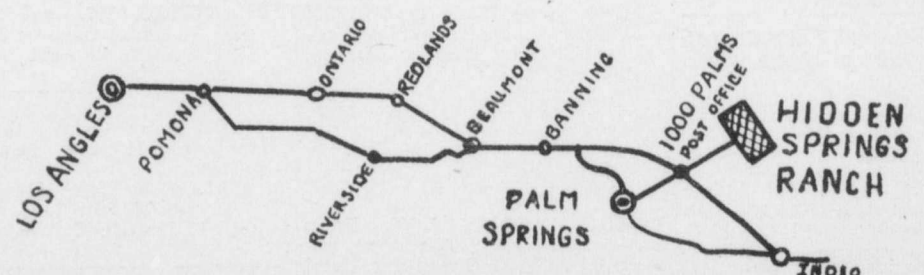

Texas-California Big Inch gas available in the winter of 1947-48 and a swank little guest ranch with swimming pool and meals next December.

### NO INFLATION HERE

A conservative development for conservative buyers. Estate sites for the price of puny city lots. Easy terms, 5 years to pay, 5% interest. On the 2½-acre sites no interest first 2 years while waiting to build. Property sold on annual quotas only and 50% 1946-47 quota sold out. Forty percent usual promotion costs saved. The current under-priced estates will be sharply advanced after this season when improvements in and building starts up.

An important announcement of unique architecture, permanent all-cement modernistic home designs at near pre-war costs will shortly be made.
